TEN CENTS A WEEK

AGREEMENT

Of Conference on Mexican Questions Regarded Improbable

A PROLONGED DISCUSSION

Will Be Necessary Before Commission Will Reach Agreement—Only Brief Session Held Today—Mexican Members Attend Celebration of Independence Day in New York.

(Associated Press Telegram)
New London, Sept. 15.—Practical obstacles have arisen in the consideration by the American-Mexican joint commission here of numerous suggestions for the pacification of the border which makes it seem improbable at this time that any agreement can be formulated without a prolonged discussion. Major General Tasker H. Bliss was before the commission today to point out objections that can be raised to many of the proposals, including that of an international constabulary to relieve the military forces of both countries of the border patrol work they are now doing.

The commission held only a brief session today, the Mexican party planning to leave for New York to attend the celebration there tomorrow of Mexico's national holiday commemorating the declaration of her independence and the throwing off of Spanish rule. They will return Monday, when the conference will be resumed.

While the attitude of General Bliss as expressed to the commissioners here has not been revealed, it is believed he shares the views of the many army officers familiar with the border situation that no satisfactory solution can be found that is not based upon the establishment and maintenance of a stable government in Mexico. Even the project of forming a border police to be jointly supported by the two governments is open to the objection, it is pointed out, that no matter what plan might be employed to administer its affairs and direct its movements, its joint character would be hard to maintain.

There is no doubt that one of the purposes of the Washington administration is to arouse Mexico to the moral obligation that it is felt rests upon her to protect American interests along the international line from depredation from Mexican bandits. For this reason it seems unlikely that any plan for policing the border will prove acceptable that seems to relieve her of that responsibility.

CORPORATIONS FAILURE TO PAY FEES PENALIZED

(Associated Press Telegram)
Columbus, Sept. 15.—With several thousand corporations in the state not having paid their corporation fees for 1916, R. W. Archer, treasurer of state, asserts that if the returns have not been made within the next sixteen days many thousands of dollars will be added to tax duplicates by reason of penalties.

In the past week the average daily burndown of \$25,000, but this is expected to be swelled to nearly \$75,000 daily during the next two weeks. According to Treasurer Archer, there are nearly 15,000 domestic corporations in Ohio and the tax duplicate, as originally certified by the auditor of state, is worth \$2,494.14. This figure will be considerably increased, it is said, by a supplementary certification that will reach the auditor of state through the tax commission today. The receipts on this tax thus far total only \$348,373.21, which indicate that most corporations are not making returns until the last possible date of payment. The tax is due on or before October 1. Unpaid taxes after that date will be increased by the addition of 15 per cent penalty on the tax charged.

RILEY DAY WILL BE OBSERVED BY PUBLIC SCHOOLS.

(Associated Press Telegram)
Indianapolis, Ind., Sept. 15.—Governor Ralston, in a proclamation made public today, urges the observance throughout the state of October 7 as Riley day, in remembrance of James Whitcomb Riley, the Hoosier poet, who died a short time ago. He directs that the public schools celebrate the day on Friday, Oct. 6, and suggests that the churches make proper recognition of it on the following Sunday, Oct. 7 as the poet's birthday.

ONE-FOURTH OF SIGNATURES ARE FOUND GENUINE.

(Associated Press Telegram)
Cincinnati, Sept. 15.—The board of elections today ordered sent to Secretary of State Hildebrandt and Hamilton county Prosecutor Campbell reports of their investigation of the R. A. Mack petitions. These are the petitions which purported to be in behalf of Mack's candidacy for governor on the law enforcement ticket. Less than one-fourth of the signatures were found to be genuine.

BRITISH PUSH FORWARD ALONG SIX-MILE FRONT.

(Associated Press Telegram)

London, Sept. 15.—The British returned to the attack on the Somme front last night, charging over a sector about six miles long. The war office announced today that they had advanced from 2,000 to 3,000 yards and were continuing to progress.

The attack was made along the whole British front over which the heaviest fighting has been in progress recently. The British advanced on the line from Bouleaux wood, between Comblès and Ginchy to a point north of the Albert-Bapaume highway.

Preceding this morning's extensive offensive movement the British last night drove forward, southeast of Thiepval and captured about 1,000 yards of German trenches, including a strongly fortified position.

FRANCE SENDS NOTE TO SWEDEN ON NEUTRALITY

(Associated Press Telegram)

Paris, Sept. 15.—The French government has instructed the minister in Stockholm to join with the other entente ministers in presenting a friendly but firm note to Sweden in regard to its policy of neutrality. The note takes issue with the position of Sweden in distinguishing between submarines for war and those for commerce, which the French government affirms has "an effect contrary to neutrality, since the Swedish naval forces would hesitate to attack a German submarine in Swedish waters under the pretext that it might be a commercial submarine, whereas there would be no similar hesitation in dealing with a submarine of the allies because they have no commercial submarines."

The note deals with a number of questions relative to navigation and concludes: "The attitude adopted by the Swedish government is at variance in obvious respects with an attitude which is compatible with the duties of a loyal and impartial neutral."

Great Britain and Sweden have been at odds since the early period of the war and Sweden's unyielding attitude evidently has resulted in a decision to assert the combined pressure of all the entente allies on her. Difficulties arose from the allied blockade of Germany, resulting in the holding up of goods en route to Sweden which were suspected to be destined for Germany. Sweden retaliated by holding up quantities of parcels post matter in transit between England and Russia. This led to an exchange of notes which accomplished nothing and early this month a deadlock was reached. Great Britain insisted as a condition in submitting the dispute to arbitration that Sweden must promise not to interfere again with English mail matter. Sweden declined and the Swedish minister at London went to the continent to be gone for several weeks. Negotiations were transferred to Stockholm, but the latest advices from London were that no solution of the problem was in sight.

Ship Foundered Says Crew Which Lands In England

(Associated Press Telegram)

London, Sept. 15.—The captain and crew of the British steamer *Cousin* have been landed here. They say the steamer foundered. One member of the crew is an American.

The *Cousin* was a vessel of 3176 tons. She sailed from Colon for Liverpool on August 27 on her way home from Vancouver, via San Francisco. A London dispatch last night said the vessel had been sunk but did not explain the cause.

NURSES ALLOWED TO ADMINISTER ANAESTHETICS.

(Associated Press Telegram)

Columbus, Sept. 15.—The Ohio law regulating the administering of anesthetics will be discussed at a meeting here on October 2, of the Cleveland Hospital association, members of the state board of health and prominent surgeons from all over the state. The meeting was called by the state board of health at the request of the Cleveland organization.

With the call for the meeting it became known that the nursing school at the Lake Side hospital, Cleveland, was not placed on the list of recognized schools by the state board at its July meeting because it was reported that nurses at that hospital were in the habit of administering anesthetics.

Members of the state board of health contend that under existing laws only licensed physicians and dentists are authorized to administer anesthetics. It is said that Dr. George W. Crille, prominent Cleveland surgeon, will take part in the conference, contending that qualified nurses should be permitted to do such work.

TOLEDO BELIEVES PLAGUE SPREAD HAS BEEN CHECKED.

(Associated Press Telegram)

Toledo, Sept. 15.—City health officers today asserted their belief that the spread of infantile paralysis here has been curbed. Only one new case and one death have been reported in the last five days. The order barring children under 12 years of age from theatres and other public gathering places will continue in effect indefinitely.

CARRANZA

Intended to Relinquish the Government to People's Choice

DECREE IS MADE PUBLIC

Asks For Election of Delegates to Assembly to Consider Changes in Constitution—Declares Enemies of Government Have Conspired to Prevent Plans Being Carried Out

(Associated Press Telegram)

Mexico City, Sept. 15.—General Carranza's purpose in issuing last night a decree for the election of delegates to an assembly to consider changes in the constitution as set forth in the preamble in the decree now made public here.

The preamble refers to the platform of the constitutionalists as set forth in the plan of Guadalupe, adopted in 1913, before the downfall of General Huerta, and elaborated at Vera Cruz in 1914. It shows clearly that the program of the Constitutionalists provides that when their cause was triumphant and municipal chief should call for the election of congress. Give an account of his administration and have his action ratified or modified by the congress. He was then to call a presidential election and turn over the executive power to the legally elected president. The first chief always intended to carry out the program, according to the decree, and to that end adopted various measures to provide government of and for the people, to improve the economic situation of the working classes and to insure a correct application of republican principles as embodied in the constitution. It has been found, however, that some of these reforms affected the functions of the government as limited by the constitution.

These reforms were necessary, General Carranza points out, because there existed the danger that if the functions of government were limited strictly in accordance with the constitution of 1857, the administration of public affairs would not meet the necessities of the time and there would be a return to tyranny through the absorption of powers by the executive.

Another source of danger was that the powers vested in the legislative branch of the government would be a constant stumbling block in the way of beneficial administration. The enemies of the Constitutionalists, General Carranza continues, have omitted nothing to prevent completion of the program, even going so far as to imperil the dignity of the republic and endanger its sovereignty by provoking conflict with a neighboring republic, seeking to bring about intervention on the pretext that there was no protection for the lives and properties of foreigners.

They even pretended to seek intervention for humanitarian considerations, appearing to lament the shedding of blood in a necessary war, although they did not scruple to squander lives and permit all manner of excesses against natives and foreigners. These enemies of the Constitutionalists oppose not only the reforms already effected but those in prospect.

Therefore, the preamble says, the only way in which to attain the desired ends is to provide for a constitutional assembly through which the whole country will be able to express clearly its sovereign will putting the government on a firm basis beyond all questions of legality.

The enemies of the Constitutionalists, General Carranza says further, have imputed to him motives which he never entertained. Accordingly, he determined to forestall attacks by a frank and sincere declaration that the reforms projected are not intended to lead to the establishment of a dictatorship. On the other hand, the government to be established will be of such form as to demonstrate categorically that sovereignty resides within the people, by whom it should be exercised for the public benefit. Both federal and state spirits will be respected and the spirit of the constitution will be carried out, he says.

QUARANTINE FOR PARALYSIS HAS BEEN REMOVED.

(Associated Press Telegram)

Health Officer Dr. W. H. Knauss announced today the lifting of the infantile paralysis quarantine in Newark, which has been on for the past several weeks as the result of two cases here. Both victims of the plague Dr. Knauss said, are sufficiently past the danger point to remove the quarantine.

ENGLISH SPARROW FACES BIG WAR OF EXTERMINATION.

(Associated Press Telegram)

New York, Sept. 15.—The league of American sportsmen, whose object is the preservation of birds and wild animals, is preparing to issue a proclamation declaring war on the English Sparrow and setting aside a week for waging it, possibly in April or May of next year. The governor of every state will be asked to aid the work in instructions as to the plan of the campaign will be sent to the mayors of all cities, heads of school systems, college presidents, principals of preparatory schools and to heads of the Boy Scouts in each state.

Four principal methods will be recommended: Tearing down nests, trapping the birds, shooting them under police supervision and under licenses issued by the police authorities and in cities where pressure is available turning the hose on the birds at night after they have gone to roost.

PRINCE KILLED IN ACTION IN THE BALKANS

(Associated Press Telegram)

Berlin, Sept. 15, via London.—Prince Frederick William of Hesse has been killed at Cara Orman, it was officially announced by the war office in its report of the operations in the Balkans.

Prince Frederick William of Hesse was a nephew of Emperor William. He was born in 1893 at Frankfurt-on-the-Main, the eldest son of Prince Frederick Charles of Hesse and Princess Margaret, sister of the German emperor. He was reported wounded in the fighting in France in September, 1914. Prince Frederick William is the second prince of the house of Hesse to be killed in the war, Prince Maximilian falling on a French battlefield in October, 1914. Seven other German princes have been killed during the war—two of Saxe-Meiningen, three of Lippe, one of Reuss and one of Waldeck.

STANDARD OIL STEAMER SINKS CREW IS LANDED

(Associated Press Telegram)

London, Sept. 15.—The crew of the Dutch steamer *Antwerpen*, which was reported sunk on September 13, has been landed at Plymouth, according to a dispatch to Lloyds.

The *Antwerpen* was a vessel of 11,300 tons and belonged to the Standard Oil company. She was built at Newport News and was on her maiden voyage to London from Bayonne, N. J.

TOO MUCH RED TAPE IN CHURCH SAYS PREACHER

(Associated Press Telegram)

Stevenville, O., Sept. 15.—Rev. Dan B. Brummit, pastor of the Epworth Methodist church, speaking before the North-West Ohio conference of the Methodist Episcopal church, now in session here, declared today that there is too much red tape in the Methodist church today and that it is not being conducted from above.

He said the bishops have lost their ancient freedom and that the church is not being conducted from above but from overhead.

U. S. Will Ask Allies to Allow Relief to Syria

(Associated Press Telegram)

Washington, Sept. 15.—The state department arranged to ask governments of the entente allies for consent to ship food supplies for the starving populations of Syria through the blockade of Turkey. The principal obstacle to these shipments was removed when word came yesterday that the Turkish government had reconsidered its former refusal to allow them, and had assented on condition that they pass through the port of Beirut and be distributed by Red Cross and Red Crescent societies. It was believed by department officials that the entente allies would interpose no objections.

October 21 and 22 have been designated by President Wilson as special days for collection of funds and supplies for famine-stricken Syrians and Armenians. The state department will continue to press the Turkish government to allow shipments to the Armenians.

TYPHOID NORTH OF TOWN SHOULD BOIL ALL WATER.

(Associated Press Telegram)

"Boil the drinking water," was the warning issued late yesterday afternoon by Health Officer Dr. W. H. Knauss, as a precaution against typhoid fever which is raging in the country north of Newark.

The number of cases reported north of the city at this time when the city water works plant is undergoing repairs, necessitates precautionary measures, Dr. Knauss said today. "Typhoid fever is raging in the valley above the water works plant, and it could be best for Newark people to boil all their drinking water, hence the warning."

ADVANCE

Of British Along Somme Reached Nearly Two Miles in Places

PROGRESS IS CONTINUED

French Also Report Gains South of Comblès While Entente Allies Deliver Heavy Blows Against the Bulgarian Troops in Balkans—British Active in Mesopotamia

(Associated Press Telegram)

London, Sept. 15.—The British resumed the offensive in an attack north of the Somme, in northern France. According to London they have driven back the German lines from about a mile and a quarter to near a mile and three quarters at some places in an assault along a six mile front.

The line of the attack extended from Bouleaux wood northwest of Comblès, to a point north of the Albert-Bapaume road which runs through Pozieres. As a preliminary to today's extended offensive movement General Haig's forces last night attacked and captured German trenches along a front of more than half a mile southeast of Thiepval. The combined assaults thus covered virtually the entire Somme front of the British. The night success includes the capture of a strongly fortified German position known as the "Wunder Werk."

Apparently today's attack has not spent its force when the official bulletin was issued, as it declared that the British were continuing to progress.

The French on their part drove in to the south of Comblès, which already was nearly hemmed in by the entente forces and report an advance as far as the village of Rancourt. Heavy fighting also has taken place on the Verdun front, Paris reporting two German attacks there, both of which were repulsed.

Heavy strokes are being delivered by General Sarraill's forces against the Bulgarians on the Macedonian front, with marked success, according to Paris today. Victories have been won by the Serbians, French and British. The official statement indicates that the most serious defeat was administered by the Serbians who drove the Bulgarians back 12 miles after several days fighting west of Lake Ostrovo, capturing many prisoners and 25 cannon. The French and British drove at the Bulgarian front on both sides of the Vardar, the French taking positions a mile long and half a mile deep east of the river and the British carrying important positions west of the stream.

Constantinople reports the British again on the offensive in Mesopotamia, following long inactivity of the forces along the Euphrates and on the Tigris below Kut-el-Amara. The Turkish war office claims to have repulsed the attacks, in one of which the British are said to have lost 2,000 men.

5 CHARGES FILED AGAINST EACH OF 267 I. W. W. MEN

(Associated Press Telegram)

Scranton, Pa., Sept. 15.—State police and deputy sheriffs today were sent to Old Forge, near here, following an announcement that another meeting of the I. W. W. would be held there. The court has forbidden I. W. W. meetings because of rioting by members who are on strike at the anthracite mines near Old Forge, and who are making a concerted effort to induce members of the United Mine Workers to join their ranks.

The 267 I. W. W. members who were arrested at a meeting yesterday will be taken from the county jail later today in squads of 50 and given hearings before an alderman. Five charges will be lodged against each, the principal one being exciting to riot. Bail in the amount of \$10,000 will be asked for the leaders of the organization and \$5,000 for others.

Because of the large number of prisoners taken in the raid yesterday the county jail was packed to its capacity. Five men were last night crowded into each cell guarded by armed keepers.

Action for the release of the prisoners and to test the legality of the arrests has been taken by counsel, who obtained a writ of habeas corpus for one of the men.

PRESIDENT PLANS HURRY TRIP TO SISTER'S HOME

Long Branch, N. J., Sept. 15.—President Wilson received word today that his sister, Mrs. Annie E. Howe, who is ill at New London, Conn., was sinking rapidly. Tentative plans were made immediately for his departure for New London later today.

GROWING WEAKER

New London, Conn., Sept. 15.—Mrs. Annie E. Howe, President Wilson's sister, gravely ill here is growing steadily weaker. A bulletin issued today says: "Mrs. Howe has been growing weaker for the last twelve hours."

"HOBBO KING" WILL SPEAK FOR WILSON NOW IN CLEVELAND.

(Associated Press Telegram)

Cleveland, Sept. 15.—"Hobbes" can't vote, but they can appreciate the work of a man who has done more for the workers of the United States than any previous president," said Jeff Davis today in opening his campaign in support of President Wilson. Davis, known as the "Hobbo King" will speak at factories in this city every day during the next two weeks.

"President Wilson's policy of increasing employment and making it more regular may not please the tramp," said Davis today. "but it does give the hobo a better chance of demonstrating to the community that the hobo is not human driftwood and that he merely shifts from city to city in search of work."

ALLIES REPORT VICTORY OVER THE BULGARIANS

(Associated Press Telegram)

Paris, Sept. 15.—The entente allies have won a series of successes on the Macedonian front, the war office announced today. French, British and Serbian forces, operating at different points, have broken through the Bulgarian defenses. The French have captured positions half a mile deep over a front of a mile.

A brilliant victory for the Serbians over the Bulgarians was scored after a battle lasting several days west of Lake Ostrovo, near the western end of the fighting front.

The British success was effected west of the Vardar, near the center of the entente front, where they captured important positions. The lines forced by the French were to the east of the Vardar.

The Serbians captured 25 cannon and a large number of prisoners, as yet uncounted.

The Bulgarians after their defeat, says the statement, retired for a distance of 12 miles.

15 YEAR OLD BOY WANTED TO SEE FIREMEN WORK

(Associated Press Telegram)

Springfield, O., Sept. 15.—Mystery which has surrounded seventeen fires which have occurred in this city in recent weeks was practically cleared this morning when it was announced by the police department that fifteen-year-old Rollo Price had made a confession to being responsible for them. The boy will be given a hearing in juvenile court. The police say the boy made a frank statement, giving the manner in which he started each blaze. He gave as his excuse that he wanted to see the fire department in operation. The fires for the most part were confined to barns and he threw matches in the hay, the police say, to start the flames.

Break Third Line German Trenches; Capture Village

(Associated Press Telegram)

London, Sept. 15.—The British in their offensive along the Somme have broken the German third line of defense and have taken the village of Fiers, two miles north of Ginchy, according to reports received by Reuters' Telegram Company today. British forces are also reported to have gained the outskirts of Martinpuich, a mile and a half east of Pozieres, the reports add.

125 TOWNS OFFER SITES FOR PLANT TO MAKE ARMOR

(Associated Press Telegram)

Washington, Sept. 15.—The navy department today faced the task of choosing from among the 125 cities and rural communities offering sites for the new \$11,000,000 government armor plate plant one which will best serve the navy's needs and be most secure from attack in time of war.

Officials went to work comparing claims for various locations presented in hearings yesterday and Wednesday. It was assumed that a new plant would be constructed for no existing establishment which might be purchased is considered satisfactory by the navy general board.

PARENTS REQUEST RELEASE OF BOYS IN OHIO CAVALRY.

(Associated Press Telegram)

Cincinnati, Sept. 15.—That a number of Cincinnati parents of members of C troop, now at the border, have started a movement to have their sons released from service was disclosed today as a result of the publication of correspondence between Senator Pomerene and Adjutant General H. P. McCain, U. S. A. The troopers whose release is sought are all college students.

MERCHANT KILLED WHEN TRAIN HIT AUTO ON CROSSING.

(Associated Press Telegram)

Bowling Green, O., Sept. 15.—F. W. Sibert, 45, proprietor of a general store at Tontogany, was instantly killed when a freight train backed into an automobile at a grade crossing near Tontogany this morning. I. I. Sutton, chauffeur, and Charles Hibbs, also of Tontogany, were thrown out and bruised. The men were on their way to the Wood county fair at Bowling Green.

STRIKE

Of 70,000 Union Men Is Imminent in New York City

WILL ASTOUND NEW YORK

Elevated Trains In New York Are Bombarded With Bricks From House-tops After Midnight—Union Men Give Up Hope That Mayor Mitchell Can Ajust Strike

(Associated Press Telegram)

New York, Sept. 15.—Although union leaders have virtually abandoned hope that Mayor Mitchell and the public service committee may bring about an amicable adjustment of the differences between the striking street railway men and their employers, the belief was strong in official circles today that some action would be taken within the next 24 hours to avert the threatened sympathetic strike of 70,000 trade unionists.

The central federated union of Manhattan will hold a special meeting to consider the advisability of joining in a strike that "will astound New York." The Brooklyn Central labor union, comprising 95 local unions has already voted in favor of such a strike.

During the night violence broke out anew. From midnight until early today, Sixth and Ninth avenue elevated trains were bombarded with bricks, stones, and other missiles. One guard was injured.

Service on the subway and elevated lines continues normal, but the surface lines are still crippled. The executive committee of the Socialist party of this city announced today that as a result of the strike, the party would institute a campaign for the municipal ownership of all transit lines in the greater city.

The Central Labor union of Brooklyn has endorsed the principle of a sympathetic strike. This union controls 95 local organizations. The New York Central Federation union to consider the question tonight. The plan however, must be approved by the local unions before it can be put into effect.

The determination of the strike leaders to call a sympathetic strike was interpreted to mean that they have abandoned hope of reaching a favorable settlement through the efforts of the mayor and the public service commission.

Members of the general committee of the Interborough Brotherhood, composed of employees of the Interborough Rapid Transit company, intend to call on the mayor today to ask for a hearing. They say the members of that union have no sympathy with the strike.

LIMA NEGROES VIGILANCE BOARD IS ORGANIZED

(Associated Press Telegram)

Lima, O., Sept. 15.—At a mass meeting of Lima's better element of Africans last night, a vigilance organization was formed with former Sergeant of Police Webb H. Harrison as captain. They say they will register every foreign negro and endeavor to stop the crime wave.

Mayor Simpson was appealed to by citizens to double the police force during the time foreign negroes are in the city working on the million dollar contracting public jobs. Patrolmen may be placed in every precinct whereas now only eleven police are on night duty.

Mrs. Grover Knittle, assaulted by a negro Wednesday as she was holding her 2-year-old child in her arms, said today that the alleged assailant saved herself by her own mad cry of "Interfere with my husband; he'll kill you." It was then the negro loosened his tightening grip long enough to permit Mrs. Knittle to plunge through a screen and dash with her baby into a neighbor's home. The negro broke and ran as the neighborhood became aroused, but was later apprehended in a negro saloon. His whereabouts will not be told. Prosecutor Barr says, in fear of further efforts at lynch law.

SWEDEN HOLDS UP COFFEE FOUND FOR FINLAND PORTS

(Associated Press Telegram)

Berlin, Sept. 15. (By Wireless to Sayville.)—A Stockholm dispatch that the Overseas News Agency says that Sweden has held up 10,000 tons of coffee destined for Finland, presumably on account of the fact that Great Britain has detained shipments of coffee for Sweden. As a result there is a great scarcity of coffee in Finland.

FUNSTON LEASES DRILL GROUNDS FT. SAM HOUSTON.

(Associated Press Telegram)

San Antonio, Tex., Sept. 15.—General Funston has received authority from the war department to lease 1,417 acres of unimproved land adjoining Fort Sam Houston. The property will be converted into a drill ground, making it with the present drill grounds at Fort Sam Houston, the largest of any military post in this country.

NOVEL SCHEME IS ADOPTED BY WALES COLLINS

Wales C. Collins, the enterprising haberdasher in South Second street, has adopted a novel scheme to assist in taking care of the season's straw hats. The death knell rang today for the summer headgear and many Newarkites had intended sending their old top piece to the city dump or throw it in the garbage can. Housewives were worried knowing that husband or son would cast the old season's straws upon the shelves in the cupboard expecting them to remain there until next summer to the annoyance and inconvenience of the good women.

But Mr. Collins has provided against all that sort of trouble by providing a plan to care for all the straw hats in Newark. Bring your old straw hat to the Collins store and receive twenty-five cents credit on a new fall style hat. Mr. Collins has a place for the discarded headgear and if you will keep your eye on his place of business you will see what he expects to do with them. Watch the Collins store.

Granville

(Special to the Advocate.)
Granville, Ohio, September 15.—The asphalt plant near the water works pumping station is said to be running full blast, and the final work of surfacing Broadway was begun Wednesday at the west end of the street. It is estimated that it will require about three weeks to complete this surfacing as far as the concrete foundation has been laid; that is, to Prospect street. However, statements have been so contradictory that it is safer to await the outcome of the encouraging signs of progress.

The faculty of Denison university has added a new department, that of Biblical literature, in which Dr. La-tourette will give two hour courses during the year, the class at present to be limited to 20 members.

The new students have found their way made agreeable and easy by the unremitting attention and care shown by members of the Denison Y. M. C. A. and the Shephardson Y. W. C. A. who have met every train and every car and have escorted the newcomers to their appointed places. The work of registration this year is heavy owing to the great number of new students. It is said that on Wednesday there were 220 entries for the freshman class, and registration is still going on. Chapel services are held in the Baptist church on Monday, Wednesday and Friday of each week at 11:30 a. m., which are strictly of a religious character, there being no announcements of any kind on these occasions. On Tuesday the college men and women assemble in the chapel on the hill; the Doane academy boys and girls in Recital hall. On Thursday the men of Granville college and Doane academy assemble in the college chapel in Doane hall, and the women of Shephardson college and the girls of Doane academy in Recital hall, at which times the work and the plans for the week are brought before the respective student bodies.

Dr. R. S. Colwell, dean of Denison university, arrived home Thursday morning from his summer home in Boothbay Harbor, Me., accompanied by Mrs. Colwell, and their daughter Margaret. The latter who had expected to stop at Wells college where she will enter the freshman class, this year, returned to Granville to await the opening of that institution postponed for a month on account of the epidemic of infantile paralysis in the East.

Mr. Lowell Johnson, son of Prof. and Mrs. W. H. Johnson leaves tonight for the University of Wisconsin, where he will take graduate work for his doctor's degree.

Miss Rose Rugg entertained the members of the Missionary Circle of which she is leader, on Thursday afternoon. Two comforts were tied by the company.

The Travelers' club will hold the first meeting of the year on Monday afternoon, September 18, at two o'clock in the geology lecture room, Science hall, on College Hill. The interesting itinerary prepared by the program committee will open with an illustrated lecture by Professor Carney on South America from the Coast.

Mrs. Fred Seymour who has been visiting friends in Cleveland has returned to her home in Granville. Her daughter, Miss Sarah, went from Cleveland to Fort Wayne, Ind., where she has accepted a position as teacher of art.

Miss Anna Lyon has returned from her summer sojourn in California.

Mr. Fred Holden of New York City is visiting at the home of his wife's parents, Dr. and Mrs. J. D. Thompson, where Mrs. Holden and their infant son have been spending the summer.

Prof. Frank Ray accompanied by Mrs. Ray has gone to New York where he will sail Saturday for Russia. Mrs. Ray will remain in New York for a week or two before returning to her home on the Newark road. Prof. Ray goes to Russia as coal mining expert to pass judgment on coal beds in the Donitz river region of southern Russia, and expects to be gone four months.

Mr. William O. Jones, vice president of the National Park bank of New York City, who has been attending the bankers' convention in Columbus, is a Granville visitor. Mr. Jones was a student in Denison 25 years ago and finds much to interest him in his visit to alma mater.

and that he left for there Monday. Owen is a wonderful kicker, probably the best ever produced here since the days of Dr. Jack Means. He is also a basketball and baseball star."

EDWARD GILBERT ENTERS ST. MARYS FOR PRIESTHOOD

Edward Gilbert, son of Mr. and Mrs. Edward A. Gilbert of 438 Central avenue today entered St. Marys seminary at Cincinnati, O., where he will study for the priesthood.

Mr. Gilbert completed his work at the St. Francis de Sales school and has studied for 6 years at St. Xavier's college at Cincinnati preparatory to take up the work at the seminary. He is a young man whose acquaintances and friends extend over a large circle and they will be interested to learn of his decision to devote his life to the priesthood.

D. OF V. DRILL MORE THAN S. OF V.; PLEA FOR PATRIOTISM

At the opening meeting of Lemert Post, to be held Sunday at 2 o'clock, the following program will be given: "America".....Audience Invocation.....Chap. Jas. W. Wilson Violin solo.....Minor Mitchell Reading.....Miss Esther Kissane Song.....Male Quartette Address.....Rev. T. B. White, Hebrew Violin solo.....Minor Mitchell Patriotism and Citizen-ship. Miss Kirby principal Wound street school.

It is the purpose of the committee in charge to present programs worthy the recognition of Newark's patriotic citizens. The numbers listed above should fill every seat in Memorial Hall.

These meetings are intended to kindle and keep alive that spirit of patriotism which does things that mean so much to national life. Is not Newark and Licking county losing its patriotic spirit? They furnished thousands of volunteers during the Civil War. In 1898 they sent a company of infantry and a battery of artillery to the Volunteer Army of the Spanish-American war, which was almost double their quota of troops. Today Newark and Licking county do not have even one company of state or national troops, and have less than ten percent of their quota of men in the Federal Army now on duty at the Mexican border.

It is true that there is one company of men bearing military arms in Newark; that is Co. B, Old Guard, only a remnant of the armies of 1861-5. It is a curious comment that the rifles that these gallant old men carry were procured for use by the Sons of Veterans, who turned them over to their fathers to fire salutes over the graves of their own dead. The average age of the Co. B men is beyond 75 years. Soon they must stack arms for the last time—and who shall break the stacks? Must it be the Daughters of Veterans? It is also curious to note that the drill squad of the Daughters is doing more drilling than the Camp of Sons.

Citizens of Newark, these meetings should be regarded as your meetings. F. G. S.

Readers' Viewpoint

Will Reply to Hughes.

Editor of The Advocate:—You may announce to your readers that I will give an address next Monday night 18th inst commencing at 7:30 o'clock in Taylor Hall in reply to Mr. Hughes' campaign speeches, provided I can secure some audience. No charge for admission, mind you. Women as well as men invited—especially suffragettes.

M. R. SCOTT.

The township board of health, Messrs. Wm. Holler, Franklin Frye and Mac Mossman, together with M. R. Scott and Frank Varner, visited the ice cream social at the Star Hill school house Wednesday afternoon.

Backache Just Like a Toothache!

Dear Mr. Editor—Sometime ago I had backache very bad; it would ache just like a toothache. I tried a new discovery of Doctor Pierce's, called "Anurie." This is for kidneys and backache. I soon felt relieved of all backache and had no more pain, and I hope others troubled in the same way will try this wonderful new remedy.

Yours sincerely,
(Signed) Mrs. LINCOLN STEARNS.

NOTE: It is now asserted with confidence that these painful effects due to uric acid in the system are entirely eradicated. A new remedy, called "Anurie," has been discovered by Dr. Pierce, and is the cause of a drainage outward of the uric acid with which it comes in contact within the body. It will ward off backache, headache, and the darning pains and aches of articular or muscular rheumatism—of those diseases which are caused by too much uric acid, such as gout, asthma, sciatica, renal calculus. Anurie is a wonderful medicine for uric acid sufferers from hardening and thickening of the walls of the arteries, due to the excess of uric acid in the blood and tissues.

Dr. Pierce, who is director and chief physician at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has written this wonderful medicine for the relief of over-worked and weakened kidneys. The relief obtained by sufferers has been so satisfactory that he determined to place "Anurie" with the principal druggists in town where people could get this wonderful medicine for the relief of uric acid, rheumatism, "Anurie" is not harmful or poisonous, but aids nature in throwing off these poisons within the body which cause so much suffering, pain and misery. Scientists assert this remedy is 37 times more potent than lithia.

For Diabetes and Bright's Disease this remedy is building up a reputation as good as Dr. Pierce's other well-known medicines which have been proven reliable during nearly fifty years, such as Doctor Pierce's Favorite Prescription for the file of women, Doctor Pierce's Pleasant Pellets, the liver regulator, and Doctor Pierce's Golden Medical Discovery for red blood.

The Want Medium of Newark—Advocate Classified Ads

Mr. Hopkins Tells Members of Chamber of Commerce About the Work of Charities

Members of the membership council of the Chamber of Commerce, at their regular meeting last night listened to an interesting address by W. C. Hopkins, head of the Associated Charities, on welfare work, as carried on by the public welfare bureau of Licking county. "The Associated Charities of Newark was formed in December, 1914," Mr. Hopkins said, "when it was reported that 1500 men of Newark were out of work. An appeal for funds to provide food, fuel, clothing and medical service for five months (to June 1, 1915), met with immediate and generous response. "During the first five months, \$5,000,000 in cash and pledges be-

This picture shows Secretary Hopkins and one of his little "pals" who asked for clothing enough to fit him out to attend school. He looks worth while, does he not? Mr. Hopkins can tell you how you may invest in one of these boys.

sides food, fuel and clothing, was raised to meet this crisis. During the same period relief was distributed to the amount of \$2,766.11, through gratuitous aid and relief work. In addition to cash disbursements, provisions of all sorts were given out. "The association aided 459 families, 129 resident single persons, and

87 transients, a total of 2,500, including children. The majority were worthy of the help they received, and some were not; but the unworthy were soon detected and were refused further aid.

"It was easy," Mr. Hopkins said, "to secure volunteer service during this period, above two hundred persons giving good service on the various committees, collecting and distributing supplies, visitation work outside of clerical work in the office, work in hospital, and in sick homes; work on garden and play grounds, park and streets. The effort did more for those who gave of money and service than for the recipients. "It was a great blessing for Newark."

Some details of this year's work should be given in their larger relation to the community.

The first expression of this "Charity of Service" took the form of an employment bureau to serve the unemployed.

The service was little value to employers of skilled labor, we know, and even as common laborers, our material was often below par. The chief value lay in the correctional effect upon this class of men, which is gradually sending them to work and so, changing them from a liability to a community asset, but this work is equally important as pioneering the way for a branch of the federal labor exchange, which is already under consideration by the industrial bureau of the Chamber of Commerce.

Vacant lot gardening was started and gave profitable occupation to needy families during this period.

We do not claim this activity as the initiative of the agricultural department which Supt. Hawkins has introduced in the high school, but we do see how the work done will facilitate the work of the new department, and we are co-operating with the school through the Civic Bureau.

Public service in street cleaning was undertaken by us, but this committee will be linked up with the efforts of the civic bureau in a "cleaner city" campaign.

We made a beginning on a city survey and have collected valuable material which we shall tender the city plan commission of the civic bureau. This will include work done by our committees on parks and city beautification and on playgrounds and recreation.

We have been called upon by different classes for small emergency loans. While many of these are unworthy, others deserve this sort of aid.

As an example, we have made a small loan to enable a family to make needed repairs on their house with gratifying results in the home conditions.

Another type of case is the laborer in a time of sickness, or of moving, where a small loan would be a great accommodation.

We have not favored a new loan agency, but have hoped that we might work out a system of such relief through the banking committee of the Chamber of Commerce.

In addition to the Christmas fund, we have received from different sources funds to administer in cases of sickness, accident, and death. We have in every case deposited these funds with our treasurer, administered them by orders on grocers and others where supplies were needed, and have saved some merchants unprofitable charge accounts.

We have found it necessary in some cases to secure legal advice, both for our own guidance and for the protection of the unfortunate. Such service has been cheerfully given, and we are organizing a regular department of legal aid.

The meaning of this change in the report is deeply significant. The facts are, in part, these:

That an increasing number of families who have habitually, and for many years lived on charity are becoming self-supporting, some from choice and some from the enforced necessity of this form of treatment.

That a few brave men and women attacked the disease of poverty scientifically and systematically, but with no loss of love and good will.

That a still larger number of citizens committed themselves to the "charity of service" for the third period, which began June 1, 1916, and that this number is constantly increasing.

One further line of progress must be noted.

We have found that neither friendly counsel nor kindly service, nor yet gratuitous aid will avail with certain types of non-supporting heads of families in particular.

We have also found that our work is closely related to and often identical with that of the Humane Society and the juvenile court with a consequent overlapping and loss in expense and service, as well as confusion of plans and ineffective treatment of cases.

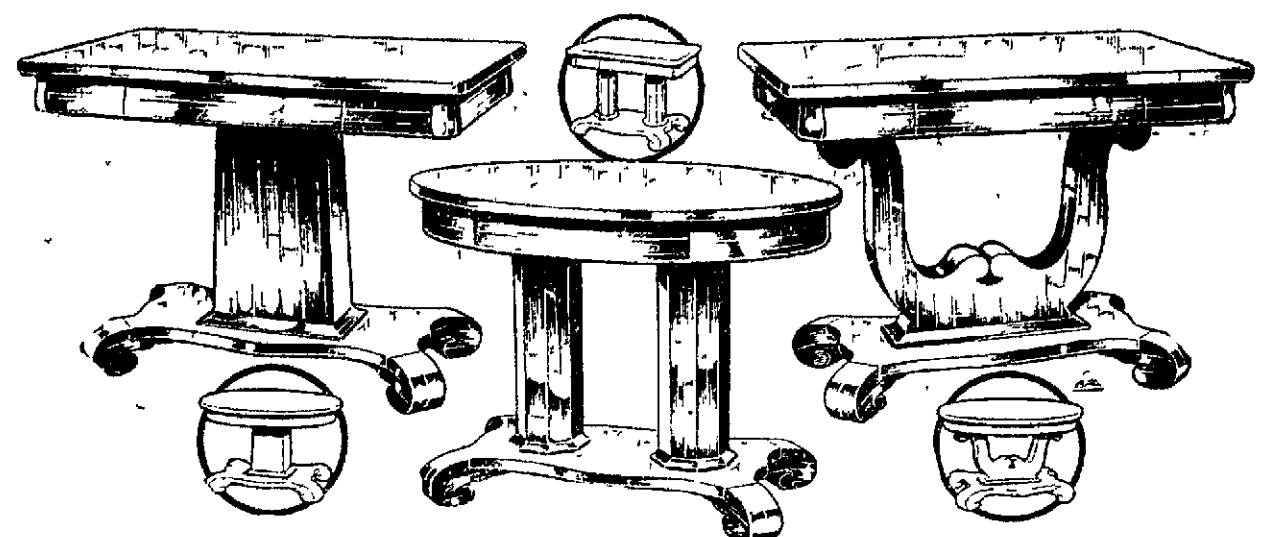

Moreover cruelty and neglect, whether of animals or human beings, are, like poverty, not conditions in themselves but are symptoms of conditions. These conditions must be corrected before the bad symptoms will disappear. This is particularly true in rural districts where follow-up work requires co-operative effort even more than in the city.

In conclusion, we have a single aim and that is no less than public administration of public welfare work by trained workers at public expense. And some of us believe that the Dayton plan of city government, closely linked with all rural interests on the basis of the county unit, is the surest road to highest community welfare.

We do not believe that the few generous citizens of the community should be burdened with the cure of social ills through the work of voluntary organizations. But that all who enjoy the protection and privileges of the community life should share the public burdens.

Your Choice of These Oval or Oblong Library Tables. . . . \$15

In Three Styles as pictured. In Genuine Quarter Sawn Oak.

Naturally These Values Are Snapped Up Quickly.

In fact so unusual are these values that our entire allotment of tables won't stay in stock more than a week or ten days. We could sell twenty times as many of these tables if we could get them. But this manufacturer's capacity is somewhat limited and we could secure only 25 of these tables.

So if You Wish to Profit You Must Act Quickly!

There isn't any time, to lose responding to this advertisement if you wish to share in this special opportunity. It will be many months before we are able to get any more of these tables and if you want to get yours at once you must not put off, but act immediately.

Here is a Detailed Description of These Tables

The tops are all 26x42 inches in size; each table is made in both the oblong and oval styles, just as you see them pictured. They are made in genuine quarter sawn oak; golden oak finish, hand rubbed; and will be a credit to every living room or library.

All sizes from the small reflector at \$1.98 to the two-room heater at \$25.00.

THE 20TH CENTURY

LAUREL HEATERS

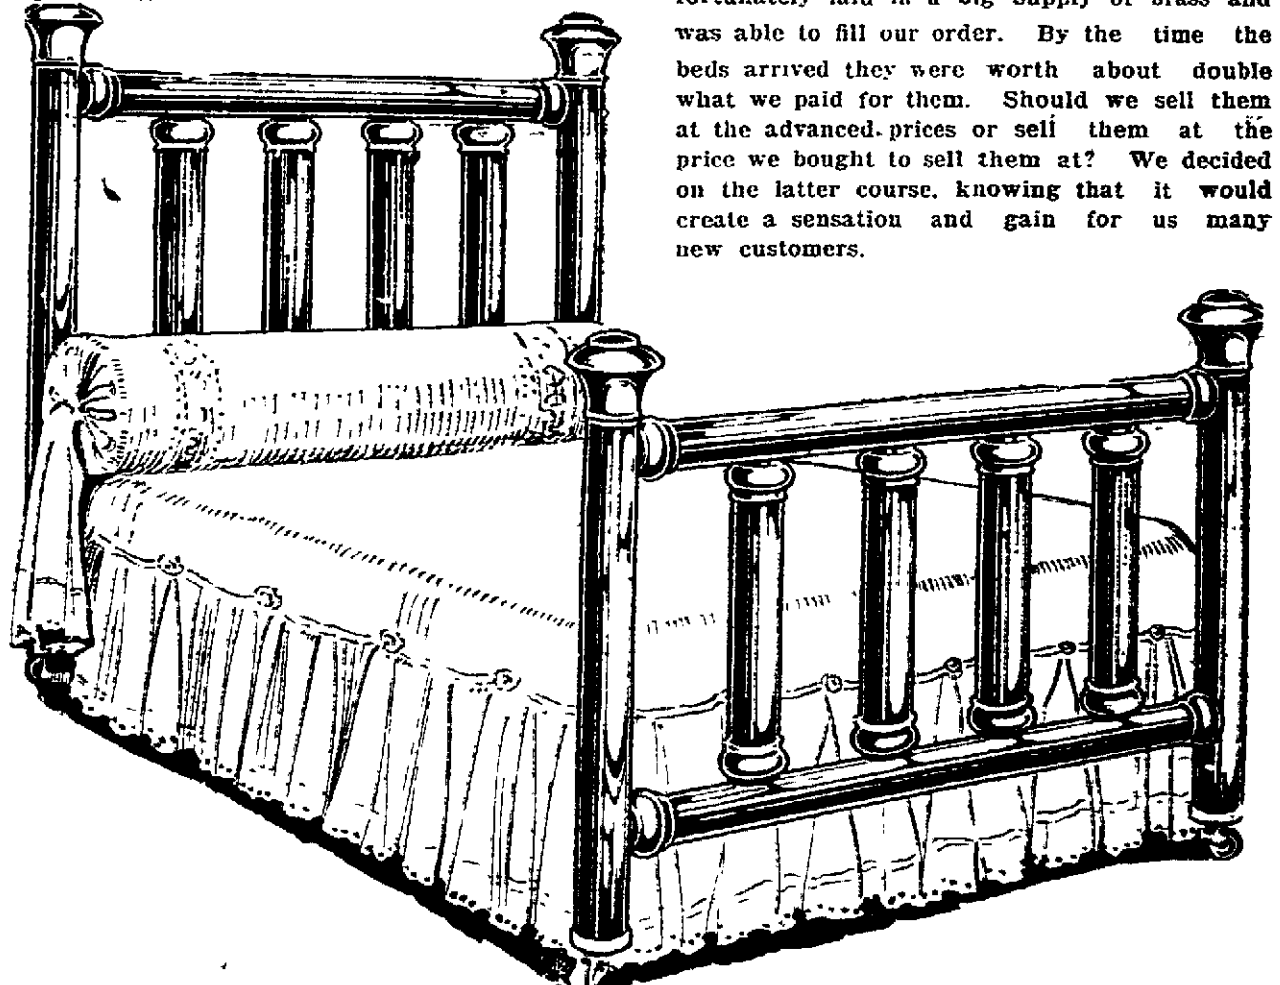

For years they have led the procession in the designing and manufacturing of soft coal burning heaters. The thousands of them now in use conclusively demonstrate that this specialty is the original and the only stove that will burn soft coal with practically the same results as obtained with a hard coal base burner and at the same time consume less fuel than any other soft coal stove. We invite you to inspect this line.

This Massive Two-Inch Post Brass Bed. . . . \$23.50

Just As Pictured

Here is the Brass Bed Situation As it is Today:

The cost of raw brass has been going up and up, and what is more, there is a great scarcity at any price. Brass Bed prices have been advancing right along, and are going to continue going up.

Here's the Reason for This Sale:

We placed an order for these Brass Beds a long time ago, anticipating that prices would go up. The factory making these beds had fortunately laid in a big supply of brass and was able to fill our order. By the time the beds arrived they were worth about double what we paid for them. Should we sell them at the advanced prices or sell them at the price we bought to sell them at? We decided on the latter course, knowing that it would create a sensation and gain for us many new customers.

ESTABLISHED IN 1820

Entered as Second Class Matter
March 10, 1882, at the postoffice at
Newark, Ohio, under the Act of March
4, 1879.It is never a good plan to swap
horses while crossing a stream of
water.—Abraham Lincoln.

Wilson, the Efficient.

To President Wilson, at Shadow
Lawn, Henry Ford wired congratulations
in ending the strike, thus:
"Your efforts are appreciated here
and should be commended by every
citizen in the country."

"It has been just one Big Thing
after another with Wilson," says
Thomas A. Edison, the famous in-
ventor; and, though a life-long Re-
publican, Edison declares, "I am for
Woodrow Wilson."

If there are two Americans who
above all others have the fame of
making good in business and of dis-
covering the road to the highest ef-
ficiency, they are Henry Ford and
Thomas A. Edison. For maximum
efficiency in the chair of the nation's
chief magistracy, they declare for
Woodrow Wilson.

Edison admits as to Hughes, that
"his capacity for hindsight, as we
learn from his speeches, is highly de-
veloped"; but for courage, sanity
and foresight, Edison finds that Wil-
son holds the record, and, he adds,
"I do not think it a logical or sen-
sible thing to change to an inexperi-
enced and untried man just for sake
of a change."

As these men think, so the nation
is thinking. Woodrow Wilson's ma-
jority is getting bigger every day.

Mexico.

The unspeakable Huerta betrayed
the very comrades he served, trait-
rously overthrew the government of
which he was a trusted part, impu-
dently spoke for the very forces that
had driven his people to the rebel-
lion with which he had pretended to
sympathize. So long as the power of
recognition rests with me the govern-
ment of the United States will refuse
to extend the hand of welcome to
anyone who obtains power in a sister
republic by treachery and violence.
No permanency can be given the af-
fairs of any republic by a title based
upon intrigue and assassination. I
am more interested in the fortunes
of oppressed men and pitiful women
and children than in any property
rights whatever.—From President
Wilson's speech of Acceptance, Sept.
2, 1916.

A Vigorous Campaign.

The Democratic organizations
throughout the State are starting
on the campaign full of pep and vig-
or. In the State the organization
has gotten away to a flying start
while the Republicans have been
talking about what they are going
to do.

In the Republican organization
there is suspicion and dissatisfaction,
on the one hand the Willis three-

Daily History Class—Sept. 15.

ASTRONOMICAL EVENTS.

The bright star Devel, at the head
of the Cross in Cygnus, has been rank-
ed by old astronomers as being of first
magnitude. Planets rise, p. m., Venus,
Mercury, Mars; a. m., Saturn, Jupiter.

Hughes and the Tariff.

(N. Y. Evening Post (Ind.).)

Mr. Hughes continues to make his
references to the protective tariff
vague and perfunctory. But that is
the most disquieting thing about it.
The Republican candidate talks as if
this were the campaign of 1888. He
quietly takes the fateful view of pro-
tection, its workings are mysterious,
but in it alone lies our national sal-
vation. The truth appears to be that
this is a question into which Mr.
Hughes has never looked with care,
and that he simply assumes the ortho-
dox high-protection position in
which he was politically bred. He
seems oblivious of all that has hap-
pened since 1896—forgetting the chang-
ed attitude of McKinley himself; ig-
noring the rupture which the high
tariff caused in the Republican party
in 1909; overlooking the Winona
speech of Taft and its disastrous
consequences; puts aside the whole
question of "scientific" tariff-making
by the aid of an expert Commission,
which has so come to the front in re-
cent years, and merely falls back on
the antiquated conception of a mir-
acle-working Protection. On this
subject Mr. Hughes will doubtless do
better. Before the campaign is over.
Frankly, he couldn't do worse.

Spirit of the Press

Y. M. C. A. Campaign.
In announcing its campaign to
raise \$600,000 for a new plant and
equipment, the Y. M. C. A. has em-
phasized the need of a building that
will be adequate to house its vari-
ous activities.—Columbus Dispatch.

A Postal Surplus.
Postmaster General Burleson re-
cently forwarded to the treasury de-
partment a check for \$3,200,000,
the amount of surplus in postal re-
venues for the past fiscal year. Ac-
cording to Secretary of the Treas-
ury McAdoo it was the third time
since 1836 that surplus postal re-
venues have been deposited in the
treasury, all those being since the
beginning of President Wilson's ad-
ministration.—Linna Times-Demo-
crat.

May Break the Hoodoo.
A Connecticut paper expresses the
belief that Rumania's entrance into
the war will bring good luck to
somebody because, being the four-
teenth nation to get in, she lifts the
hoodoo of the unlucky thirteenth.
The best luck that Rumania could
bring to everybody concerned would
be to cause a speedy termination of
the war.—Wheeling Register.

What Do You Think?
The Ohio case (after the event)
and critical Mr. Hughes recently re-
marked in condemning the efforts
made to avert the threatened strike
of railway employees, that he did
not believe there ever was a labor
trouble which could not be settled
by fair dealing and arbitration. If
he still holds to this view he is re-
spectfully requested to study the
strike situation in New York, where
the street railway companies posi-
tively refused to consider an offer
to arbitrate the differences between
them and their employees. Mr.
Hughes was horrified at the conces-
sions made to the railway brother-
hoods because of their refusal to
consent to arbitration. Will he be
equally prompt in pouring censure
upon the traction magnates who
take the same stand in New York?
—Philadelphia Record.

No Doubt About It.
And now the Sultan has written a
poem about the war and we suppose
the editor of the leading Constanti-
nople paper feels as depressed as
we do when the bright little 12-
year-old daughter of one of our
prominent advertisers dashes off a
few lines of her own and her father
proudly brings it in for publica-
tion.—Ohio State Journal.

The Maine Election.
Neither Democrats nor Republi-
cans have much to brag about in the
results of the Maine election. It was
inevitable that Maine would go Re-
publican. What was in question was
the size of the majority, and the
Republican majority is anything but
decisive. If Maine is a barometer of
the national election, the national
election is still on the knees of the
gods.—New York World.

Pointed Paragraphs

A Dallas judge says that a kiss
means twice as much to a man as a
woman, but he forgot to add it's al-
so more expensive.—Columbus Dis-
patch.

The creeks our ancestors drank
from with impunity were not near
large cities.—St. Louis Globe-Demo-
crat.

The Jersey sharks seem to have
been unable to compete with the
print paper shortage.—Boston
Transcript.

According to the president of the
Association of Master Bakers, "con-
sumers could save \$25,000,000 a
year if the 5-cent loaf were abol-
ished and the 10-cent loaf substi-
tuted." Was there ever a consum-
er's plan of price-raising that was
not intended to benefit the consum-
er?—New York World.

The Irish charge at Guillemont is
another and crushing answer to the
German dream of effective Irish dis-
affection.—Chicago Herald.

At any rate the Democratic Ad-
ministration has started the Republi-
cans to advocating economy.—
Florida Times-Union.

If what the politicians say about
one another is true, the outlook for
this country is dark indeed.—Chica-
go News.

Party's argument that instead of
disposing of our rights in Greenland,
Congress should buy Greenland from
Denmark.—This may suggest to sev-
eral millions of Americans that the
United States should offer to buy
Ireland from the British Govern-
ment.—Springfield Republican.

Read the Want Column tonight.

THE STENOGRAPHER

Did you ever stop to think how
important is the part the stenogra-
pher plays in modern business? Sup-
pose the stenographers of this coun-
try—there are 100,000 of them—
were to go on a strike tomorrow!
Can you conceive the effect? Busi-
ness would be paralyzed. Every-
where there would result hopeless
confusion and delay tremendous
losses. The truth is that in the
conduct of modern business, the
stenographer is absolutely essential.

The Newark Business College has
long realized the paramount impor-
tance of the stenographer, and has
supplied this business community
with a highly skilled amanuensis, ef-
ficient in the use of English, spell-
ing, typewriting, and office appli-
ances, so that today business men
place the Seal of Approval on the
graduates of this modern, success-
ful College.

Mr. D. P. McDonald, the principal,
has himself been an amanuensis in
the employ of one of Detroit's larg-
est concerns, and knows business re-
quirements. In addition to this, he
has done much actual reporting as
well as teaching shorthand in some
of the best schools in the country.
Mr. McDonald has a national reputa-
tion as shorthand writer and teach-
er; he is a regular contributor to the
professional journals.

A unique feature of the Newark
Business College, and one that should
commend itself to the public, is that
students may enter at any time.
There is no advantage, then, in the
student's waiting until next month
to carry out a good resolution. "A
position for every graduate" is the
record of this school. 9-15-d-12

Hints for Progressive
Farmers

Advices Fall Plowing.
Plowing in the fall for next
spring's crops should be encouraged
in most cases, because it distributes
labor more evenly throughout the
year, favors earlier seeding, im-
proves soil structure and kills many
insects. Says F. A. Welton, of the
Ohio Experiment station. Only on
soils subject to washing, on fine
clay soils and where catch crops are
seeded in the fall is this practice not
recommended.

Usually there is a rush at spring
planting time. Farm labor can be
used to advantage in the fall when
work is slack. Thus crops can be
seeded earlier next spring. At the
Ohio Experiment Station, a differ-
ence of a month in time of planting
corn made a yield as an average
of seven bushels. Furthermore, the
early planted corn had about 10 per
cent less moisture in it.

Freezing and thawing during the
winter make plowed soils finer.
More moisture has been found in the
spring in soils fall plowed than in
unplowed land.

White grubs, wireworms, cut-
worms and corn-ear worms live over
winter in the ground. Plowing in
the fall kills many of them.

Improving the Lawn.
Did the hot, dry weather hurt
your lawn? September is the month
for repairing lawns in Ohio. While
lawn repairing often presents many
difficulties, most thin sods will be
improved by fertilizing and reseed-
ing.

Patches that have died should be
scratched and made fine with a steel
rake for seeding. Unless the soil is
rich it should be made so by the use
of manure or commercial fertilizer.
The latter is preferable because it is
easier to apply and carries no weed
seeds. For such purposes the Ohio
Experiment Station recommends the
use of about four pounds of steamed
bonemeal to the square rod. An ap-
plication of 10 to 15 pounds per
square rod of hydrated lime or of
20 to 30 pounds of finely ground raw
limestone is also advised for soils de-
ficient in this constituent. The lime
should be worked into the soil before
any fertilizer is added.

After this treatment a mixture of
equal parts of Kentucky bluegrass
and redtop, with a little white clover
should be sown broadcast at the rate
of one pint to the square rod. The
ground should be raked over to cover
the seed and to make a smooth sur-
face. Lack of moisture will make
seedlings uncertain. Hence, sprink-
ling of lawns is advisable in dry sea-
sons.

Even those lawns having heavy
sods will be improved by occasional
dressings of manure or fertilizer.
Such treatment will thicken up the
grasses without reseeding.

Stable manure applied in the fall
or winter will cause the lawn grasses
to be thicker and of a darker green
color in the spring. Such material
should be rotted and fine. Course,
straw manure or lumps of such
matter will kill out the grass be-
neath.

Apple Industry.
By scientific methods in rejuven-
ating fruit trees, nearly \$1,000,000
has been realized since 1910 from
the apple orchards of Washington
county where formerly orcharding
was practically a lost industry, ac-
cording to F. H. Ballou of the Ohio
Experiment Station. Spraying against
insects and fungous diseases and the
addition of much material and fer-
tilizer brought about the change
which has made Washington and
Athens counties today the greatest
apple-growing center in Ohio.

Before 1910 not enough apples
were grown in this section for home
use. Though the trees were prolific
in blossoms, their fruit dropped ear-
ly, and their harvest was a disap-
pointment. Fruit was dwarfed, de-
formed, wormy and blackened by
fungal, so that it could not be mar-
keted. The systems of farming
were such as to rob the hill-slopes
of their original productivity. Or-
charding in general seemed a failure.

times as much fruit as others receiv-
ing the same care in mulching and
spraying but no fertilizer. A net
increase of more than \$100 an acre
was secured in some cases by fer-
tilization.

The plan of this work, as well as
recent tests with fertilizers for ap-
ple orchards, is given in Bulletin
301, just issued by the Experiment
Station at Wooster.

Coroner Strains
a Point In Probe
of "Nature" Doctor

Youngstown, O., Sept. 15.—Cor-
oner E. M. Jones today concluded his
inquest into the death of Dr. H. G.
Huffman, fasting oculist, who died
after 70 days without food, and his
findings hold that C. A. Davey, "na-
ture cure" doctor, whom Huffman
consulted, "exceeded his rights as
given under the limited medical
practice."

Jones will turn his findings and
evidence in the case over to the se-
cretary of the Ohio state board of
medical examiners, at whose request
the inquest was held, and in Jones'
words, "leave the matter of prosecu-
tion in the hands of that body,
where it properly belongs."

Jones contends that while Davey
had Huffman at his sanitarium here
he gave him port wine, which he in-
terprets as a drug, because it con-
tains alcohol. He says this is a vi-
olation of the law.

SHIP BURNED AS
PASSENGERS AND
CREW WERE SAVED.

Marshfield, Ore., Sept. 15.—The
Pacific coast steamship company's
liner Congress swung on her anchor
chain at the entrance to Coos Bay to-
day a black and burned out hulk as
the result of the fire which caused
her to race for this port last night.

Every one of the 253 passengers on
board and the crew of 175 were
landed safely last night by the
dredge Colonel P. S. Michie.

Several members of the crew who
were overcome by smoke were all
reported early today to be recover-
ing. None of the passengers appear-
ed to have suffered any ill effects
whatever and they were loud in
their praise of the way the vessel
was managed. Order was maintain-
ed on board until the departure
of the last boatload from the Con-
gress to the Michie, which came
alongside when the burning vessel
was enveloped by a pall of smoke.

NEW BUILDINGS.
The Standard Oil company is
erecting a new dwelling on the lot
adjoining the new gasoline tank
east of the railroad at Utica. They
have also purchased the Elben
dwelling adjoining. Knott Brothers
have just completed the erection of
a new ice storage building.

HAD GOOD SEASON.
President George A. Boeckling of
the Cedar Point Resort Company in
a statement just issued claims that
more than 3,000,000 of people vis-
ited the resort this season during the
90 day period that it was open.

The Advocate's Melting Pot

Blessedness is a whole eternity
older than damnation.—Richter.

Ouch!
"I have to laugh at this Miss Joyce."
"She thinks she has a heavenly voice."
"But I call it uncanny."
—Luke McLuke.

"Laugh? Huh, it makes me want to cry!"
"Sneaked idiomizer, Mellish!"
"Were I prone, I'd say that I
regard her voice as awful."
—

Aunt Corline Says:
Iva Bunyan came in last night and
she told me she was just sick about
her new house which they're a-build-
in' on the old Durnes place. She had
got it into her head which she
wanted a bath-
room like they
had at her cousin
Sereny's up to
Newark, an' Sore,
which is her hus-
band, he found out
it would cost over
a hundred dollars
an' he set down
his foot an' says
he, "No doubt it
would look real
stylish but I ain't
a-join' to put a
lot of money into
the good die young,

Speaking of rare combinations,
how about finding the good, the true
and the beautiful in one human be-
ing.—Topeka State Journal.

A rare combination, certainly;
but not impossible, as our better half
could tell you.—Judd Lewis in Hous-
ton Post.

What a diplomat Mrs. Lewis must
be to conceal her true feelings so ef-
fectually.

Did You Know
That the average age of human
beings varies according to different
occupations? The following aver-
ages of longevity were compiled
from data obtained in the states of
New York, Massachusetts and Rhode
Island. Contrary to the adage that
the good die young, clergymen head
the list at 55.36; physicians next at
54.32; lawyers, 54.26; blacksmiths,
51.51; carpenters, 49.72; masons,
48.29; tanners, 47.90; merchants

Subject for Thought.
It about debt you think a bit
This paradox you'll find,
The faster you run into it,
The more you get behind.
—Boston Transcript.

This statement's also true of debt,
As you will all agree;
That is, the more of it you get
The poorer you will be.

Quaker Quips.

(Philadelphia Record.)

It's all right to be neat, but don't
acquire all your polish on your
shoes.

It's a waste of time to sit down
and think about the time you have
wasted.

Knowledge is power, but some
people don't know more than they
do know.

Some people go to extremes. Many
a fellow asks for a girl's hand, only
to get cold feet.

You never can tell. Speech is
often puzzling, but silence is apt to
keep more people guessing.

Probably truth is stranger than
fiction, because we don't get so well
acquainted with it.

Don't jump to the conclusion that
a man is well balanced just be-
cause he parts his hair in the mid-
dle.

Read The Advocate Wants tonight.

What would he give for
the coffee you serve?

Like a million other women, you
can serve coffee that he would give
most anything to have—coffee
which starts the day "right" for all.

Everyone loves the rich flavor
of Arbuckles' Coffee. Of all the
coffees in America, today, it is by
far the most popular!

One woman says, "My husband
used to swallow his coffee and
hurry off. Now we have Ar-
buckles' and you'd think it was
Sunday the way he lingers over
his breakfast."

Serve it in your home—see how
the little early morning wrinkles
disappear.

Until you try Arbuckles' you will
never know what a difference good
coffee can make in your home.

Arbuckles' Coffee is untouched by human hands.
It is weighed, and sealed by machines,—machines
which Arbuckle Bros. originated and which ex-
perts say are the most efficient in the world.

Society

A profusion of golden rod and cosmos arranged in baskets adorned the Hunter home in North Buena Vista street on Thursday when Mrs. Robbins Hunter and Miss Louise Hunter entertained the members of the Tuesday Afternoon Bridge club. The guest souvenirs were awarded to Mrs. W. H. Davis, and Mrs. C. H. Stinson, while the club trophies were awarded to Mrs. George Flory and Mrs. Fred S. Wright.

In the dining room the bud vases with pink Killarney roses were used in the decorations. The guests of the club were: Mrs. Daniel Alshool, Mrs. J. S. Jones of Granville, Mrs. Zelora Forry, Mrs. Walter Metz, Mrs. Fred Mosteller, Mrs. Jesse S. Elliott, Mrs. Edward King, Mrs. William H. Davis, Mrs. Willard Warner of Washington, D. C., Mrs. Ella Updegraff, Mrs. Ann Black, Mrs. Christine Burner, Mrs. Charles H. Stinson, Mrs. Walter Baldwin and Mrs. E. T. Johnson.

Mrs. George D. Upson will entertain on Monday afternoon at her home in Hudson avenue, with a tea honoring Mrs. Willard Warner of Washington, D. C.

A luncheon bridge party will be given at the Moundbuilders Country club on Saturday afternoon, the hostesses being Mrs. C. H. Stinson and Miss Louise Hunter.

Stoner—Fenster.
Announcement is made of the marriage of Miss Nina Fenster of Chicago and Mr. Jesse B. Stoner, formerly of Newark but now living in Chicago. Mrs. Stoner is the daughter of Mr. and Mrs. Charles Fenster of Chicago and was a graduate of the Chicago high school with the class of 1914. Mr. Stoner is the son of Mrs. Francis Stoner, 18 Riley street this city. They will make their home with the bride's parents in Chicago for the present.

Mrs. Melvin Wright, who has been the guest of Mrs. C. W. Thomas, and other relatives in Newark, has returned to her home in Los Angeles, Calif. This week Mrs. Wright and Mrs. Thomas were guests of friends in Frazeysburg and Dresden.

Mrs. Jessie D. Elliott will entertain at the Sherwood Hotel Saturday evening with a six o'clock dinner in honor of her guest, Charles D. Reed of Brooklyn, N. Y., and Mrs. William Newkirk of Denver, Colo.

Mrs. J. D. Montgomery entertained the members of the Krochka Club at her home in Pine street this week and several interesting contests were given in which the souvenirs were awarded to Mrs. G. W. Shultz and Mrs. W. S. Frankenberg. A delicious two-course luncheon was served. The next meeting will be held at the home of Mrs. George Hayden in Hudson avenue on September 27.

Jury—Beard.
Mr. Paul A. Jury of South Newark and Miss Charlie R. Beard of Jacksonville were united in marriage by Rev. Don D. Tullis at the Second Presbyterian Church Thursday evening at eight o'clock. The young people are well known in Newark. They will go for a wedding trip and after two weeks will be at home to their friends in their home on Linnville road.

Mr. and Mrs. Ross Davidson entertained at their new home in North Fourth street on Thursday evening. Their guests being Mr. and Mrs. John J. Carroll and the employees of the Carroll store. The hours were informally spent and a delicious luncheon was served. The guests numbered forty-six.

The women of the F. W. Recreation club of Union township were entertained in a most pleasing manner on Wednesday afternoon by Mrs. Nick Brown at the beautiful country home near Union Station.

A part of the afternoon was spent in the election of officers for the following year, after which the women listened with pleasure to several of James Whitcomb Riley's child rhymes rendered in a most pleasing manner by little Ernest Ellsworth Huston of West Lafayette, O.

Those in attendance were: Mrs. Will Kinney, Miss Susan Young, Mrs. Will Samore and daughter Martha, Mrs. Sanson, Mrs. Lena Carlyle, Mrs. Hazel Carlyle, Mrs. Leslie Groves, and daughters Betty and Mary Rebecca, Mrs. Bernice Claggett, Miss

Divorce Petition.
Mary Hand has filed a petition in common pleas court against Lawrence Hand. They were married in Pittsburgh, Pa., Jan. 8, 1892, and are the parents of four children, two of whom are minors. The petition alleges cruelty and drunkenness and asks that the defendant be barred from any right of dower in real estate of plaintiff, who asks for a divorce, alimony and control of the minor children.

WILL CHALLENGE HUGHES' WORDS ABOUT NEW LAW

(ASSOCIATED PRESS TELEGRAM)
Long Branch, N. J., Sept. 15.—President Wilson decided today to take advantage of the earliest possible opportunity to challenge the statement made by Charles E. Hughes in recent speeches that the basis on which the recently threatened railroad strike was asserted was merely an increase of wages for the employees. The president, his political advisers said today, considers the principle of the eight hour day vitally affected by the strike settlement, and will seek to show that while the railroad legislation passed by congress to meet the situation will give the employees at least temporary increase in pay, the more important point is that it established the eight hour day as the basis of work for the workmen.

Chandlerville Youth Killed Younger Brother

(ASSOCIATED PRESS TELEGRAM)
Zanesville, O., Sept. 15.—While trying out a gun prior to the hunting season, which opened today, Ed. Tom, 19, last evening shot and killed his brother, Kenneth Tom, aged 10, near Chandlerville.

TYPHOID EPIDEMIC.
While Newark is fortunate in having but a limited number of typhoid cases other cities of central Ohio are experiencing an epidemic. This is especially true at Marion where an epidemic is sweeping the city, over 50 cases being under observation of the board of health. A rigid investigation is being made to determine the cause of the epidemic. Boiled water and pasteurized milk are being used.

Indoor Life Makes Fat

Try Oil of Korein to Keep Weight Down, or to Reduce Superfluous Fat.

People who are confined within doors and who are deprived of fresh, invigorating air and exercise must take precaution to guard against over-stoutness, as fat acquired by indoor life is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air weakens the oxygen-carrying power of the blood, so that it is unable to produce strong muscles and vitality and the formation of unsightly and unhealthy fat is the result.

If you are 15 or 20 pounds above normal weight you are daily drawing on your reserve strength and are constantly lowering your vitality by carrying this excess burden. Any persons who are burdened in their own mind that they are too stout are advised to go to W. A. Erman, Evans Drug Store or a good druggist and get a box of oil of korein capsules, and take one just before retiring at night.

Even a few days treatment has been reported to show a noticeable reduction in weight, improved digestion and a return to the old energy; footsteps become lighter and the skin less flabby in appearance as superfluous fat disappears. Oil of korein is inexpensive, cannot injure, and helps the digestion. Any person who wants to reduce 15 or 20 pounds is advised to give this treatment a trial.

Personal

Harry Scott of the Old Home Building Association visited old friends in Springfield today. Mr. and Mrs. Frank Kane and family of Eastern avenue have left for a trip to Dubuque, Ia.

Mr. and Mrs. Glassmeyer have returned from a visit with relatives and friends in Sandusky.

Frederick Jones of Twelfth street has gone to Delaware where he will enter Ohio Wesleyan.

Mr. and Mrs. Frank Mabry, Mrs. J. F. Williams, and Mrs. John Danner have gone to Akron, making the trip in the Mabry machine.

Arthur Schaeffer, representative of the Hoosier Kitchen Cabinet company is visiting his parents, Mr. and Mrs. A. B. Schaeffer in Hudson avenue.

Mr. Harry Kear of Oakland, Calif., is visiting relatives and friends in Newark. Mr. Kear joined his wife here who has been visiting relatives for the past month.

Miss Flora Hertel of Pine street has gone to Louisville, Ky., where she will be the guest of her grandmother.

Mrs. Louise Graff and little grandson Charles Miller have returned from a pleasant trip to Cleveland.

Mr. Can Smith is lying critically low at his home, 27 Buena Vista street.

Mrs. James Mercer and Mrs. John Albright of this city are visiting their mothers in Cambridge.

Mr. and Mrs. James K. Hamill returned today from Asheville, N. C., where they had accompanied their son, James K. Hamill, Jr., who entered Bingham school.

Obituary

David Ralph Bagent.
David Ralph Bagent, five months old son of Mr. and Mrs. Edward Bagent of Cedar street, died this morning after a short illness. The funeral will take place Saturday afternoon from the home and interment will be made in Cedar Hill.

Louise Pauline Kuhs.
Louise Pauline Kuhs, six months old daughter of Mr. and Mrs. L. R. Kuhs, of Somerset, Pa., died at 5 o'clock, death being due to infantile troubles. The parents and little one were visiting at the home of Mr. and Mrs. J. F. Arisman, 329 West Main street, and the latter accompanied the parents back to Somerset today with the body and interment will be made there tomorrow.

PAPERS FILED BY "GEN." COXEY FOR SENATORSHIP

(ASSOCIATED PRESS TELEGRAM)
Columbus, Sept. 15.—Jacob S. Coxe, of Massillon, O., who more than twenty years ago led "Coxey's Army" of unemployed on a long march to Washington, today filed papers with the Secretary of State as an independent candidate for U. S. Senator. Coxe is the only independent candidate for office on the Ohio ticket. His petitions were signed mostly by residents of Cleveland.

Counting Coxe as a party, there will be six parties represented on the Ohio ballot at the November election—Republican, Democratic, Socialist, Prohibition, Socialist Labor, and Independent. The parties will be represented on the ballot in the order given. All have filed their tickets except the Socialist Labor party. Monday is the last day for filing.

Governor Orders Licenses Given Out Before October 15

(ASSOCIATED PRESS TELEGRAM)
Columbus, Sept. 15.—In order to eliminate any politics from the granting of saloon licenses, Governor Willis today requested the state liquor license commission to have county license boards announce not later than October 15 the names of applicants who will receive saloon licenses for the coming license year.

Announcement of successful applicants is not required by law until two days before the November election. By withholding names of successful applicants until just prior to election, Governor Willis is said to fear that politics might creep into the granting of such licenses. In his communication to the state commission, Governor Willis said in part:

"I want to again emphasize the fact that licensed dealers shall be given to understand that the retention of their licenses does not depend upon a political pull, or upon campaign contributions, but upon their strict observance of the law."

PROHIBITION AND WOMAN SUFFRAGE BOTH ARE ADOPTED.

(ASSOCIATED PRESS TELEGRAM)
Van Courber, B. C., Sept. 15.—On the face of incomplete returns available today from yesterday's general election in British Columbia, prohibition had a majority of more than 5000 out of a total of 25,000 votes. Woman suffrage apparently carried in every district.

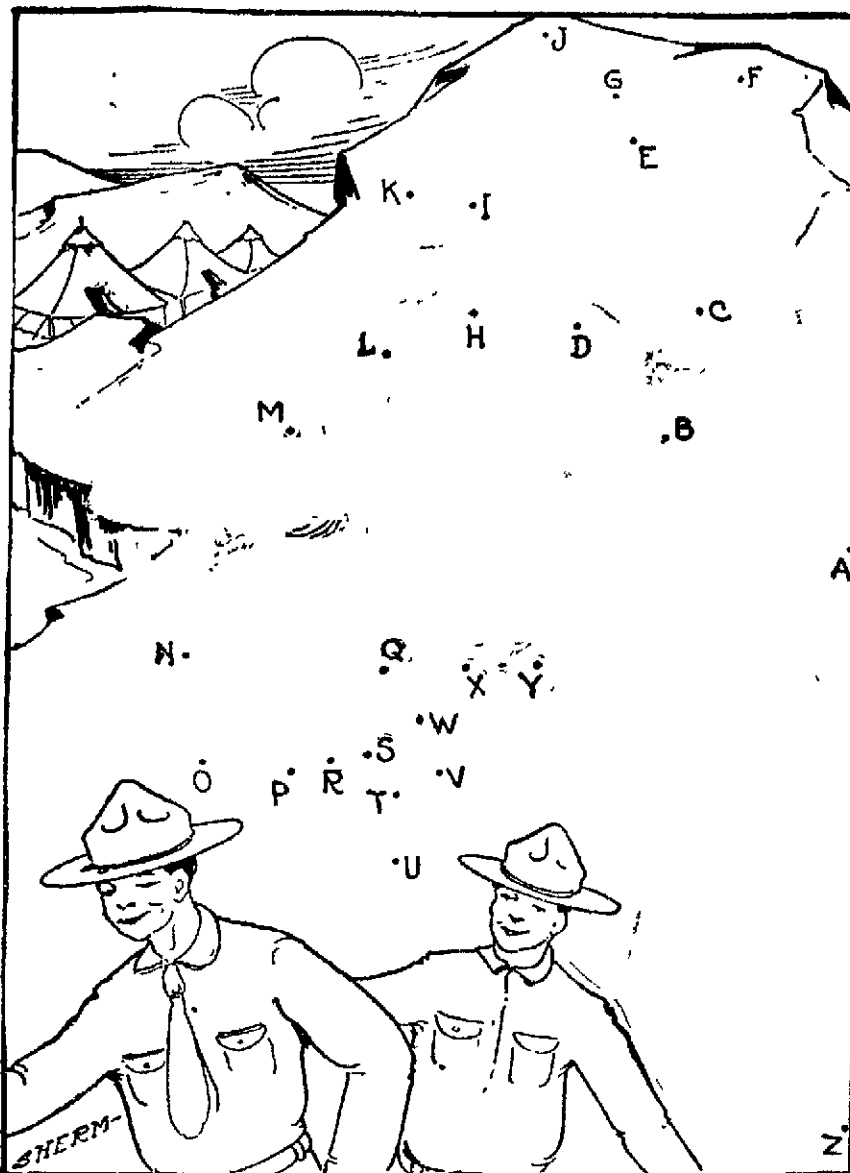

SUCCESSORS WILL CHRISTY.
(ASSOCIATED PRESS TELEGRAM)
Cleveland, Sept. 15.—Charles S. Thrasher has been elected president of the Youngstown and Ohio River railroad company. He succeeds Will Christy, of Akron, who died a month ago. Thrasher was secretary and treasurer. The Youngstown and Ohio operates around East Liverpool, Letonia and Salem.

DANISH SHIP SUNK.
(ASSOCIATED PRESS TELEGRAM)
London, Sept. 15.—The Danish steamer Hans Tavsens, of 1709 tons gross has been sunk, according to a Lloyd's dispatch today from Saint Malo-Normandy. The crew was landed.

Chicago Grain.
[ASSOCIATED PRESS TELEGRAM]
Chicago, Sept. 15.—Evidence that yesterday's late depression in the wheat market was without adequate reason finally today.

Opening prices, which ranged from half off to 1/2 up, with Dec at 143 1/2 and Mar at 149 to 148 1/2, were followed by a general advance, and when a decided reaction.

Fulfillment of most predicting early fall rains, and a gradual price-taking, although much of the market eased off. After continuing to 1 1/2 higher, values receded to some extent, but continued to be of considerable strength.

Cuts paralyzed the action of corn. Trade was not heavy.

Barley advanced, but on bags gave strength to provisions. Lard led the advance.

Wall Street.
[ASSOCIATED PRESS TELEGRAM]
New York, Sept. 15.—There were no signs in today's opening of the reaction tendencies which proved so effective in the final hour of yesterday's trading. Speculation was concentrated on leading specialties, including industrials, equipment, shipping, oil, sugar, copper and steel. The New York Stock Exchange closed at a record for wide opening, and took care to remain so a block of the market's share, and a fractional advance. Railroads, leading to the United and New York Central, the latter particularly conspicuous.

Market, Amsterdam, London, Antwerp, Alton and International prices were under slight pressure.

There were no signs to suggest that the market would be able to sustain its strength, with the exception of the steel and oil. The steel was, in fact, the only one of the most important industries which had not been hit by the depression. It had a solidified Norfolk and Western, Columbia, Pullman, American, and Steel, and Western Union.

"The tone of the wool market was better during the week and the volume of business was slightly larger, most of the demand being for territory wools

YOU WANT PINK CHEEKS

Every woman wants pink cheeks. They mean not only beauty but health. Then put the color in your cheeks, not on them. The glow of health is the red of healthy blood showing through translucent skin. It is impossible without rich, red blood.

When a girl's color fades and she looks debilitated, is short of breath, when her heart palpitates after every slight exertion and she has pains in various parts of the body she needs Dr. Williams' Pink Pills for Pale People. They are the remedy best suited to restore the blood, bring brightness to the eyes and put color in the cheeks and lips.

The only other treatment needed costs nothing. It is this. Give the patient plenty of sunlight, moderate exercise every day, not enough to cause fatigue, and use care in the diet because the food craved is often not the best for the condition.

Two books, "Building Up the Blood" and "What to Eat and How to Eat," give just the information that every mother of a growing girl needs. They are free. Write for them today to the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills or you can send fifty cents for a full-size package.

19 SOUTH PARK

Good Printing is as essential to your business as a clean store. Let us show you.

Amusements

The Mazda.

Jackie Saunders, called by critics "The Maude Adams of the Screen," is a charming versatile artist and all who have seen her play in "The Grip of Evil" know the quality of her impersonations. Besides appearing in the "Grip of Evil" every Thursday and Friday at the Mazda, she will also be seen on Saturday, one day only, in "The Girl Who Won," a charming photoplay of extraordinary merit.

The Auditorium.

The last display of Virginia Pearson in "Dare Devil Kate" will be given at The Auditorium today. In this Wm. Fox feature, the story of a woman's rise from proprietor of a small saloon in the West to the wife of an Eastern clubman is shown.

Incidental to this feature, Pathe Weekly will be shown. Mgr. Penberg had to disappoint his friends yesterday, owing to this film going astray, but he promises it sure today.

The theatre gives way tomorrow to the musical show "Step Lively." "Step Lively" a play with music which is scheduled for tomorrow afternoon and evening has a plot of no little interest to hold the attention throughout the run of the piece. It is full of action and never lags a moment from beginning to

and, the first act is laid in the general reception room of the Piccon Sanitarium and Rest Cure. Henry Rumbauser, millionaire pickle king and his wife and ward are present and are taking the rest cure in the action of the piece. Rumbauser ward falls in love with Tom Fleming a candy salesman, and of course the course of true love does not run smoothly, for Rumbauser, as a matter of course is opposed to anything and everything that has to do with sweets, for he is a pickle merchant, so he opposes the match and does all in his power to thwart the romance of the two ardent young people. The second act takes place in the sunken gardens of the sanitarium and there is produced and introduced the famous Ford automobile scene, which is one of the funniest ever offered on any stage. There are a dozen good song numbers and instrumental selections interspersed throughout this plot, and the attraction is bright and buoyant at all times. Seats are now selling.

The Monte Carlo Girls appear at the Auditorium theatre Monday. Frank "Rags" Murphy, the eccentric tramp and George Leon and German comedian are among the best comics on the road. They will head the peppery Monte Carlo Girls show and are assisted by a clever lot of principals.

"Fun in a Railroad Station" and "A Night at Monte Carlo," are the titles of the two acts. The musical numbers are the very latest and with numerous others who take part

AL H. WILSON.
As Tom Carey in his new Song-Play "My Killarney Rose," Auditorium, Tuesday.

catchiest and the chorus of twenty beautiful girls know how to sing and dance them.

The other principals are the clever straight and character man Arthur Laning, Fred Binder second Dutch comic, Percie Judah the handsome prima donna with the wonderful soprano voice, Grace Fletcher, the little dancing and singing soubrette and Dolly Dainty Norrissey the magnetic ingenue.

Hudgins and Bumbury is a clever singing and dancing act. Seats are now selling.

The story of the new Irish song-play "My Killarney Rose" to be presented by Al H. Wilson the singing comedian and company is said to be so highly diverting that it would make a remarkably interesting novel were it published as such. Every moment during the action one is enthralled by the adventures of Tom Carey an Irish rover and his mysterious wife who marries him and then deserts him at the altar with the command to never speak to her again. But Tom being a resourceful soul finds many opportunities to overcome such a condition and in the doing proves himself master of all the difficulties he encounters and there are many such.

Incidentally to the action he sings and they are all gems of melody at that. The best of them are entitled "My Killarney Rose," "The Love I Give to You," "Where the Shamrock Grows," "Mary Houlithan" and "The Yodel That Stole My Girl Away."

The entire performance is a brilliant combination to please. A great story—capable actors—Picturesque scenery—Delightful Music. All at your command to be present and enjoy it at the Auditorium next Tuesday. The scale of prices will be 25, 50, 75 and \$1.00.

Grand.

Anybody who loves his country should not fail to see the first episode of the big sixteen chapter serial "The Yellow Menace," at the Grand on next Sunday with Edwin Stevens as the star. The first episode shows how Ali Singh, a fanatical Mongolian whose dream is the conquest of the earth by the yellow race, makes his way into America after bloody scenes in China. What follows is breath-catching in its vivid realism and vital drama.

Bridging St. Lawrence.

Undismayed by two disasters, the company that is bridging the St. Lawrence has notified the Dominion Government that it will rebuild the central span. There was some talk about raising the span that fell, but it went into water 200 feet deep this would be quite out of the question, and the bridge company will have another span constructed. The difficulty of getting steel, however, will put the completion of the bridge back a couple of years.—Philadelphia Record.

TOLEDO AMATEUR TEAM GOES WEST FOR SECOND GAME

(Associated Press Telegram) Toledo, Sept. 15.—The Toledo National lights left for Des Moines, Ia., this morning as contenders for the national amateur baseball championship, following adjustment of differences between the two clubs. The local aggregation will meet the western city champions on Saturday and Sunday in the second round of the title tournament. The differences arose over the question of where the series should be played and how the expenses of the trip should be divided.

KNOX COUNTY'S RACE PROGRAM IS POSTPONED.

Mt. Vernon, Sept. 14.—A heavy rain caused the postponement of yesterday's race card at the Knox County fair until today.

NO GAME AT DAYTON.
Dayton, Sept. 15.—The Springfield-Dayton Central League post-season game was postponed yesterday on account of rain.

25 Years Ago

(From Advocate Sept. 15, 1891.)
Mr. and Mrs. E. P. Alger of Zanesville, have opened a musical studio in the Hibbert & Schaus block, and will give instruction in music to all who may so desire. They are both first class musicians and come highly recommended.
Mr. and Mrs. H. H. Prior of North street, returned this morning after a trip of a week up the St. Lawrence among the Thousand Islands and also in Canada. They report having a delightful time.
Miss Lou Taylor has returned to Delaware where she will again attend school.

15 YEARS AGO.

(From Advocate, Sept. 15, 1901.)
Mr. and Mrs. W. B. Smith and Mr. and Mrs. Harry Sams of Maple avenue gave a trolley party to their many friends of the North End. The party consisted of 103 guests. Light refreshments were served on the car and all had an enjoyable time.
Mrs. Channing Thompson and daughter Florence and nephew Benjamin Montgomery, have returned from their summer outing near Cleveland.
Mr. Walter Metz left yesterday for O. S. U.

The World War a Year Ago Today—Sept. 15.

Germans won in heavy battle around Riga. Russians claimed success in Galicia.
Both sides kept up artillery duel in France. Bombs and hand grenades were used at hotly contested points.
Pinsk occupied by Germans, who also crossed the Vistula north-east of Vilna and attempted to encircle and cut off Russian retreat from that city.
The British house of commons voted a new war credit of \$1,250,000,000, bringing the total up to \$6,310,000,000.
Premier Asquith informed the house that nearly 3,000,000 men had enlisted in the British army, and War Secretary Kitchener told the lords that reinforcements of 210,000 men had been sent to the front (making a total of about 650,000), enabling the British to take over from the French seventeen miles of additional front.
Declared at Athens that Bulgaria and Turkey signed an agreement ceding to Bulgaria territory.

ROOSEVELT WILL MAKE WESTERN TRIP FOR HUGHES

(Associated Press Telegram) New York, Sept. 15.—In making plans for Theodore Roosevelt's western campaign trip in support of Charles E. Hughes, alternative itineraries are being considered. One of them would carry the colonel to San Francisco with speeches at Chicago, Denver, and other cities on the way. The other contemplates a tour to the middle states with a side trip into the northwest and a return by the way of Missouri and Kentucky.
Colonel Roosevelt, it was learned today, told Chairman Willcox of the Republican National committee he was willing to go to California if necessary, and it is said that this offer probably will be accepted. It has not yet been determined how many speeches the colonel will make. Appeals for his presence in many parts of the country are being received at Republican quarters.

FRENCH AIR MEN DROP BOMBS ON BULGARIAN CITY.

(Associated Press Telegram) London, Sept. 15.—Five bombs have been dropped on Sofia by two French aviators. Noel and Lesuer, according to a dispatch from Bucharest to Reuters.

The two airmen flew from Saloniki to Bucharest, passing over Sofia on their way. The voyage lasted five hours. The distance traveled was about 400 miles.

WRINKLES GO

Throw away harmful preparations that only cover up unsightly wrinkles and imperfections for the time being. Go to any first-class drug store today and for fifty cents get a bottle of Usit, the wonderful, pure nut-oil skin food, guaranteed to drive away wrinkles, restore the complexion to its fresh youthfulness and color, and bring back the beauty of your girlhood days.
Usit is not a cream but a liquid in handsome opal bottles. Rub it into the skin with the finger tips every night before retiring. No other treatment is necessary. You will be surprised at the quick change in looks and condition of your complexion. It clears your skin while you sleep and drives away your wrinkles whether caused by worry, work, exposure to wind and sun or advancing years. Begin today to look young again. Enjoy the satisfaction and pride a clear, youthful, smooth complexion and good color give. Be sure you get Usit in opal bottles. Do not accept anything else. Usit is guaranteed to contain nothing that will cause hair growth. The most painful cases of sunburn are relieved instantly by Usit.
For sale by T. J. Evans, Erman's Original Cut Rate Drug Store and dealers everywhere.—Advertisement.

SUCCESS OF FAIR IS ASSURED; BIG LIST OF EXHIBITS

The success of the Licking County Fair, which is to be held Sept. 26, 27, 28 and 29, is an assured fact. With good weather the fair should have record breaking crowds in attendance each day.

Next week will be the busy one for fair officials as there will be tents to erect for the overflow of exhibits, buildings to be overhauled and everything put in ship-shape. Many concession people will arrive the last of the week and will erect their stands and shows.

This year's display in the art hall gives indication of being the finest in many years. The farm, horticultural and dairy department will also be most interesting.

One of the exhibits that will attract thousands fair week will be that of the school children of the county. The Newark Chamber of Commerce has offered \$250 in premiums and schools from all over the county will contest for the prize.

The live stock department will be the largest in many years. It will be necessary to erect tents to care for the large list of entries and blooded stock will be shown from all over the state. The Grange exhibit will be up to the usual standard and visitors will be delighted with the big displays. The poultry, farm implements and vehicles of all descriptions will be one of the largest if not the largest, shown in years and automobile dealers are clamoring for space. Some of the finest cars manufactured will be shown this fall.

The race track is in fine condition and there will be a large field of horses on account of the good purses offered. On Wednesday, Thursday and Friday the purses will aggregate \$4,000.

Officials having the fair in charge are: president, James J. Hill; vice

president, J. W. Hankinson; secretary, Frank B. Dudgeon; treasurer, Bert O. Horton; superintendent of grounds, Charles D. Lake; superintendent of gates, J. C. Morrison and superintendent of police, Frank Hartman.

The executive committee of this year's big exhibition is Fred H. Stevens, M. C. Harter and C. D. Lake. The horse department is in charge of J. W. Hankinson, N. B. Vanatta and M. C. Harter. The cattle department will be looked after by S. S. Cooperider and W. J. Tharp will have charge of the sheep and hogs. J. M. Jones will supervise the floral hall and the farm products and Grange exhibits will be looked after by Fred H. Stevens. The poultry and farm implement exhibits will be in charge of S. A. Mears.

The board of directors is composed of J. M. Jones, Frank Hartman, Charles D. Lake, N. B. Vanatta, J. W. Hankinson, Fred H. Stevens, S. S. Cooperider, M. C. Harter, James J. Hill, S. A. Mears, W. J. Tharp and J. C. Morrison.

TYPHUS IN MEXICO; ALL AMUSEMENT PLACES CLOSED.

El Paso, Sept. 15.—All centers of amusement or reunion have been closed in the city of Zacatecas because of the typhus epidemic, according to newspapers arriving here today from Chihuahua City. This was done by order of the Mexican sanitary commission. The paper says the commission has already reduced the mortality rate, which had been terrible.

The head of bandit Luis Gutierrez, known in Mexico as the "Enchanted Goat," has been sent by Colonel Buenrostro, commanding the Carranza garrison at Colima, to the governor of Guadalajara.

Gutierrez, long the terror of the people in the state of Colima, was attacked and killed by ranchers who had grown tired of his exactions. Cutting off the head, the ranchers bore it in triumph to Colima, the town where it was exhibited to the public.

Railroads

New Livestock Agent.

B. D. Curtis has been appointed assistant general live stock agent of the B. & O. railroad at Pittsburgh. The change is a promotion for Mr. Curtis, who has been traveling live stock agent.

The new appointee entered railroad service at Zanesville, in June, 1889, as a clerk in the freight department of the B. & O. lines. He was later promoted to chief clerk at Zanesville and in May, 1911, was promoted to traveling live stock agent.

Old Locomotives.

The exhibit of historical locomotives and cars and safety appliances of the B. & O. railroad, which has been shown in international and industrial expositions in various sections of the country, will be transferred from Pittsburgh, where it is being displayed, to Detroit for installation in the Safety Congress during the week of September 16.

The original old locomotives and cars used on the B. & O. in the early days of America's first railroad, will be shown, also examples of the methods of transportation used from the early ages of civilization to the time of the inception of rail transportation and the invention of the locomotive.

B. & O. Buys Tug Boat.

Contracts have been placed by the B. & O. Railroad System for a tugboat, a steam lighter and three covered lighters for use in the New York harbor, to cost approximately \$150,000. Besides this marine equipment the company has six other lighters and a carfloat under construction, delivery of which is expected at an early date.

The contracts for marine equipment are embraced in a program which the management has undertaken to maintain its New York harbor delivery service as efficiently as possible.

The program embraces also the enlargement of its pier space in the harbor. A new double-deck pier, No. 21, will soon be opened at the foot of the Brooklyn bridge. The new pier together with pier No. 7, for general merchandise, pier No. 22 for less carload merchandise and perishables and the 26th street storage warehouse and pier place the company in excellent position to handle its New York traffic with facility.

Women now work in all but 44 of the 400 trades enumerated in the United States.

Queen Wilhelmina, of Holland, is the only woman who is a reigning sovereign.

GOLD CLUTTERS UP ASSAY OFFICE IN NEW YORK CITY.

(ASSOCIATED PRESS TELEGRAM)

New York, Sept. 15.—The congestion of the local assay office, resulting from the pouring of more than 50,000,000 in gold in ten days, has necessitated the deposit of \$10,000,000 in the Philadelphia mint. The gold brought in since the movement began in the second week of May now amounts to \$294,500,000, of which approximately \$75,000,000 has been sent to Philadelphia.

Pesky Bed Bugs

A MILLION BED BUGS. Just think, a 25c package of the new golden chemical P. D. Q. (Pesky Devil's Quietude), is enough to make a quart and enough to kill a million bed bugs, no matter how large they may be, where they came from, their age, color or sex, and at the same time leaves a coating on their eggs and prevents hatching.

CUT THIS OUT. This new chemical can be had at any first-class drug store. A 25c package makes a quart of P. D. Q. and will go farther than a

barrel of old-fashioned bug killer. Don't let anybody impose upon your intelligence by offering you something else. Insist on what you ask for, then you'll have what doctors prescribe.

KILLS FLEAS ON DOGS. It's fun to see the flea drop off your pet dogs.

KILLS CHICKEN LICE. No use for your chickens to have lice. A 25c package mixed makes a gallon of chicken lice killer.

Low druggist has it, or can get it for you. Owl Chemical Co., Terre Haute, Ind.

Uneeda Biscuit

RAIN or shine, winter or summer, each Uneeda Biscuit is crisp, flaky, full of nutriment, fresh and tempting as the minute it left the oven.

5c

From each opened box of Uneeda Biscuit there comes that wonderfully appetizing odor of fresh-baked biscuit.

NATIONAL BISCUIT COMPANY

DR. L. D. ROGERS IS HONORED BY PRESIDENCY

Dr. L. D. Rogers of Chicago, former resident of Licking county and graduate of Denison University at Granville in the class of 1882 has just been honored with the presidency of the American Association of Progressive Medicine which has concluded its convention in Kansas City, Mo. Dr. G. S. White of Los Angeles, Dr. A. H. Werner of New York City and Dr. R. L. Willis of Mineral Springs, Texas, were elected vice presidents and L. M. Otis of St. Louis secretary-treasurer.

The Advocate recently published a review of Dr. Rogers' new book, "Auto-Hemic Therapy," which treats of treating your blood with your own blood, and this new discovery was a prominent feature of discussion at the Kansas City convention.

By borrowing your blood for a few hours and incubating it in rainwater, Dr. Rogers can give it back to you and produce wonderful changes in your system, he says. In proof, the doctor exhibited at Kansas City one of his patients, a nurse from Kalamazoo, who once was anemic and who now is not only robust but is strikingly beautiful.

This "dynamogenics of blood" is a discovery of recent date which was brought out and demonstrated at one of the sessions of the American Association of Progressive Medicine.

In the blood cure demonstration, which was given the title of "Auto-Hemic-Dynamogenetic Therapy," Dr. J. W. Parker of Peoria, Ill., submitted himself as a clinical subject.

Dr. Rogers takes one cubic centimeter of the patient's blood and dilutes it with nineteen cubic centimeters of sterile, distilled water. This he incubates overnight and uses the mixture in small hypodermic doses in the treatment of various disorders. The method, the discoverer says, has given excellent therapeutic results wherever he has used it. Among the doctors who support the theory are Dr. W. A. Guild of Des Moines, who says he has used it on himself, and L. A. Otis of St. Louis. The next convention of the association will be held in Chicago.

The Limit.
"We girls had hardships when we camped out—only one drinking glass among five girls."
"Horror!"
"And only one mirror."
"Good night!" — Kansas City Journal

HAS NOT LOST A SINGLE DAY IN 32 YEARS.

It is doubtful if any man in Newark has a record of continuous service in one position, that equals that of William E. Shrock, engineer and wash man at the Newark Steam Laundry.

Not only in length of time is his a remarkable record, but also some of the circumstances surrounding this employment.

On the 5th day of last July, Mr. Shrock completed his 32nd year in the position he now holds. During this long time he has not missed a single day's work, and has been to his place of business every day. Even on Sundays and holidays, Mr. Shrock has gone there to at least look over the engine and machinery, and get ready for the next day's work.

Every working day this man has put in from 12 to 16 hours. He says it has done him good, and that he expects to finish his second 32 years of service in due time.

Mr. Shrock has lived in Newark all his life, and is the son of the late Jacob Shrock, the jeweler. He now resides at 192 Wilson street.

Abe Martin

Tell Binkley has traded for a run-about as it cost too much for sody an' cigars t' run his tourin' car. Next t' listenin' t' the minutin' of a previous meetin' the haime nothin' as dull as bein' neutral.

There is room for improvement in everything. Even a mule may learn something about kicking from a man.

You never can tell. Even the people who suffer from insomnia may occasionally be caught napping.

COLUMBUS MAN FINDS RELIEF AFTER 17 YEARS

John Streight Testifies He Could Not Eat And Was Almost Driven Insane How Relief Came.

There are few stories told about Extract of Native-Roots (double strength) that equal that of John Streight, the Columbus man who suffered 17 years with stomach misery. Here is his signed testimonial. Read it; you will find it interesting:

"I have been ailing for 17 years with stomach trouble and could not eat. My food would ferment in my stomach, the result being severe pains that nearly drove me insane. The action of my liver was so poor that my complexion became sallow and I was weak at all times."

"Seeing Native-Roots for sale at Herpich's, I decided that I would try it and to my great joy find that I found a WONDERFUL MEDICINE, for I can now eat and my complexion is beginning to look more healthy. I am also willing to recommend it to my worldly brothers and sisters."

Now is the time, if ever, to banish dyspepsia, indigestion and health-destroying stomach troubles. During this month nothing should interfere with the work of toning the weak nerves of the stomach and giving strength to the various organs of digestion, so that the whole digestive machinery may work harmoniously. After Extract of Native-Roots (double strength) has begun the good work, food will enrich the blood, make bone, build muscle, and physical strength and vigor will increase from day to day.

Native-Roots (double strength) is purely an herbal medicine made from the extracts of roots, herbs, barks, berries and leaves—the kind our grandparents used to gather in the fields to make home remedies.

The full double strength Extract Native-Roots can be secured in Newark only at the W. A. Erman Arcade Drug Store. Stop in there today. Take home a supply of Native-Roots in full double strength and give it a chance to make you well.—Advertisement.

A NEW START IN TYPEWRITER DEVELOPMENT

Remington Self Starter

THE Self Starter (Column Selector) is the leading feature of the Remington model 110—the correspondence machine. Here is an idea that is revolutionizing all former typewriter standards. It is giving typewriter users a new conception of what every good efficient writing machine ought to be able to do.

The Self Starting Remington does just what its name implies. One touch on a Self Starter key sets the carriage instantly—and you are ready to write. You don't have to "crank up." In other words there is no time lost in fumbling or fussing to set the carriage by hand to start the writing line.

The Self Starter adds 25 per cent. to the letter writing speed of the typist. This is not a claim; it is a fact. We can prove it by actual demonstration.

Call in at our office any time and let us show you the Remington Self Starter and how it works.

Hot Water the Best Liver and Bowel Medicine

Says glass of hot water before breakfast washes poisons from system.

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's uric waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

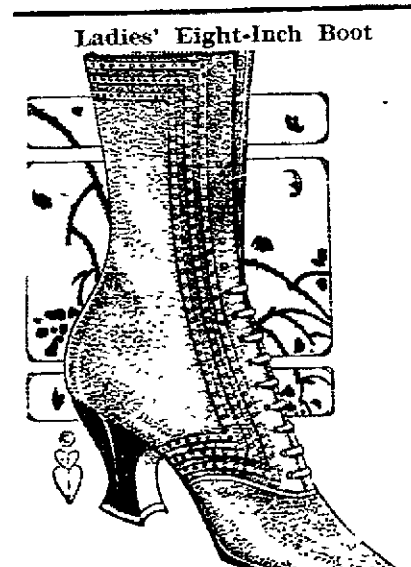

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life-saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent mineral water drink.

At Ellis Chapel. Breaching at Ellis Chapel next Sunday at 10:30 a. m. and at Bowling Green at 3 p. m. Both services will be preceded by Sunday school. As this is the last service at each place for the conference year let there be a full attendance and a grand closing up for the year. D. J. Smith, pastor. Citizen Legion. The Citizen Legion meets this evening. King's Daughters. There will be a called meeting of The King's Daughters' Circles of the city Friday evening at 7 o'clock in the executive room of the Elmore Building Association (take the Main street entrance). Important business pertaining to the coming convention is to be brought before the circles. Birth Announcement. Announcement is made by Mr. and Mrs. John Tordella of Elmwood avenue of the birth of a daughter, Alice Jeanette, on Tuesday, Sept. 12. Police Court. Four plain drunks, each were fined \$5 and costs this morning when arraigned before Mayor Bigbee in police court. Start Postoffice Soon. Contractor Thomas W. Cissel of Wooster, O., will start the work of excavating for the federal building here September 25, according to word received here this morning. The work will be rushed as rapidly as weather conditions will permit. Visited Missions Convention. A convention of the Woman's Foreign Missionary Society of the First M. E. church was held at Roseville on Thursday and the following women from Newark attended: Mrs. A. S. Mitchell, Mrs. E. H. Hulshizer, Mrs. George Smith, Mrs. A. H. Marple, Mrs. Adelaide Stevens, Mrs. S. B. Ewers, Mrs. F. P. Winn, Mrs. Thurman Tower, Mrs. Harry Rhoads, Mrs. J. W. Heatwood and Mrs. C. H. Huber. Recorder Martin Improving. Recorder O. C. Martin, who has been seriously ill at his home near St. Louisville, is improving daily, according to a telephone message from the home. He sat up for the first time yesterday and feels that he is growing stronger every day. Fell Into Lake. Prompt action on the part of her husband saved the life of a woman at Buckeye Lake yesterday when she plunged head first into the water while standing in a rowboat. The woman was attempting to pull the boat closer to the pier when her hold on the landing slipped and she lost her balance. She was rescued by her husband who was with her in the boat. Her name was not learned. Mrs. James Hill. Mrs. James, mother of Amos James of Elmwood avenue, is lying seriously ill at her home of the city. Former Newarkite. Harry Kear, formerly in business in this city some years ago, but now residing at Oakland, Cal., is visiting in the city guests of his brother Richard Kear of the Grandville road. Mr. Kear states that since the big exposition at San Francisco everything has been quiet in the Golden state.

NO OBJECTION TO VIRGINIA; MAYOR PASSES PICTURE

The William Fox production of "Dare Devil Kate" featuring Virginia Pearson, at the Auditorium yesterday and today, will not be stopped by Mayor Bigbee, following a complaint made yesterday by a local woman that the picture was immoral. Chief of Police Sheridan was detailed by the Mayor to investigate the woman's complaint that Virginia acted immodest in a couple of scenes during which she essayed the role of a vampire. The Chief watched a performance of the picture, but could find nothing so "terrific" upon which to close the show. He did notice, however, that the picture lacked the censorship mark. Today Chief Sheridan communicated with the board of censors at Columbus and learned that "Dare Devil Kate" had been passed upon by the board more than three weeks ago.

MAN DENIES WEIGHT CHARGE; NEW AFFIDAVIT

The case against John Maier, south end butcher charged with "short weighing" a load of hogs belonging to Clarence C. Stadden, set for hearing this morning before Mayor Bigbee, was continued to September 29.

William Farquhar this morning filed an affidavit against George Maier, charging that on April 27, last, Maier weighed a load of hogs for him and said the total weight was 1040 pounds when in truth the load of swine totaled 1140, making a shortage of 100 pounds.

George Maier today denied that he "short weighed" Stadden, saying that the hogs were weighed on his scales but were purchased by a man named Steinmeier. To the charge made by Farquhar, Maier said that the wrong weight was a mistake in figures and that he and Farquhar had settled the matter at the time.

RECEPTION FOR PASTOR. On Thursday evening the members of the congregation of the Maple Avenue M. E. church surprised the pastor, Rev. P. O. Orr, who is starting upon his second year's pastorate.

The congregation numbering about two hundred gathered in the basement of the church and following the surprise a program was given in the auditorium of the church. Rev. W. A. Lamp gave an address on "The Secret of Success" and presented Rev. Orr with a roll-top desk and chair on behalf of the congregation as an appreciation of his work. The pastor responded in a delightful way.

Familiarity breeds contempt. Fate sometimes points the finger of scorn at the manicure girl.

Remember—R. B. WHITE—Sells lumber and building material Right. 9-15-16

At Ellis Chapel. Breaching at Ellis Chapel next Sunday at 10:30 a. m. and at Bowling Green at 3 p. m. Both services will be preceded by Sunday school. As this is the last service at each place for the conference year let there be a full attendance and a grand closing up for the year. D. J. Smith, pastor. Citizen Legion. The Citizen Legion meets this evening. King's Daughters. There will be a called meeting of The King's Daughters' Circles of the city Friday evening at 7 o'clock in the executive room of the Elmore Building Association (take the Main street entrance). Important business pertaining to the coming convention is to be brought before the circles. Birth Announcement. Announcement is made by Mr. and Mrs. John Tordella of Elmwood avenue of the birth of a daughter, Alice Jeanette, on Tuesday, Sept. 12. Police Court. Four plain drunks, each were fined \$5 and costs this morning when arraigned before Mayor Bigbee in police court. Start Postoffice Soon. Contractor Thomas W. Cissel of Wooster, O., will start the work of excavating for the federal building here September 25, according to word received here this morning. The work will be rushed as rapidly as weather conditions will permit. Visited Missions Convention. A convention of the Woman's Foreign Missionary Society of the First M. E. church was held at Roseville on Thursday and the following women from Newark attended: Mrs. A. S. Mitchell, Mrs. E. H. Hulshizer, Mrs. George Smith, Mrs. A. H. Marple, Mrs. Adelaide Stevens, Mrs. S. B. Ewers, Mrs. F. P. Winn, Mrs. Thurman Tower, Mrs. Harry Rhoads, Mrs. J. W. Heatwood and Mrs. C. H. Huber. Recorder Martin Improving. Recorder O. C. Martin, who has been seriously ill at his home near St. Louisville, is improving daily, according to a telephone message from the home. He sat up for the first time yesterday and feels that he is growing stronger every day. Fell Into Lake. Prompt action on the part of her husband saved the life of a woman at Buckeye Lake yesterday when she plunged head first into the water while standing in a rowboat. The woman was attempting to pull the boat closer to the pier when her hold on the landing slipped and she lost her balance. She was rescued by her husband who was with her in the boat. Her name was not learned. Mrs. James Hill. Mrs. James, mother of Amos James of Elmwood avenue, is lying seriously ill at her home of the city. Former Newarkite. Harry Kear, formerly in business in this city some years ago, but now residing at Oakland, Cal., is visiting in the city guests of his brother Richard Kear of the Grandville road. Mr. Kear states that since the big exposition at San Francisco everything has been quiet in the Golden state.

NO OBJECTION TO VIRGINIA; MAYOR PASSES PICTURE

The William Fox production of "Dare Devil Kate" featuring Virginia Pearson, at the Auditorium yesterday and today, will not be stopped by Mayor Bigbee, following a complaint made yesterday by a local woman that the picture was immoral. Chief of Police Sheridan was detailed by the Mayor to investigate the woman's complaint that Virginia acted immodest in a couple of scenes during which she essayed the role of a vampire. The Chief watched a performance of the picture, but could find nothing so "terrific" upon which to close the show. He did notice, however, that the picture lacked the censorship mark. Today Chief Sheridan communicated with the board of censors at Columbus and learned that "Dare Devil Kate" had been passed upon by the board more than three weeks ago.

MAN DENIES WEIGHT CHARGE; NEW AFFIDAVIT

The case against John Maier, south end butcher charged with "short weighing" a load of hogs belonging to Clarence C. Stadden, set for hearing this morning before Mayor Bigbee, was continued to September 29.

William Farquhar this morning filed an affidavit against George Maier, charging that on April 27, last, Maier weighed a load of hogs for him and said the total weight was 1040 pounds when in truth the load of swine totaled 1140, making a shortage of 100 pounds.

George Maier today denied that he "short weighed" Stadden, saying that the hogs were weighed on his scales but were purchased by a man named Steinmeier. To the charge made by Farquhar, Maier said that the wrong weight was a mistake in figures and that he and Farquhar had settled the matter at the time.

RECEPTION FOR PASTOR. On Thursday evening the members of the congregation of the Maple Avenue M. E. church surprised the pastor, Rev. P. O. Orr, who is starting upon his second year's pastorate.

The congregation numbering about two hundred gathered in the basement of the church and following the surprise a program was given in the auditorium of the church. Rev. W. A. Lamp gave an address on "The Secret of Success" and presented Rev. Orr with a roll-top desk and chair on behalf of the congregation as an appreciation of his work. The pastor responded in a delightful way.

Familiarity breeds contempt. Fate sometimes points the finger of scorn at the manicure girl.

All Day Saturday

A Manufacturer's Display of Fine Skirts For Fall

We will have on display tomorrow an unusually handsome line of skirts, containing all the newest things for the coming season. Broadcloths and fine satins, especially will be shown in many attractive styles.

We will be glad to have as many as are interested in the new styles for fall to come in and see this display. If you desire to select from these models your measurements will be taken and the order promptly filled by the factory.

The Display Is For Saturday Only.

Every Day Sees New Fall Suits Here

There are so many fall suits here to choose from that the most fastidious will have no difficulty in selecting a suit that will give lasting pleasure. The newness of the styles will delight you—and the materials and colors provide a wonderful assortment from which to choose. We will take great pleasure in having you come and see them and try them on. You'll be delighted when you find how becoming the new models are.

The New Styles in Furs

Are all on display, and there is every reason why you should select them now. Stocks are complete with all the late novelties in fur coats, small neck pieces, large collarettes, muffs in the round and flat shapes. All the desirable furs are here. Lynx, seal, mole, beaver, squirrel, mink and many other pretty furs.

Unusually Attractive Models In Silk Dresses

You must see them. The styles are so different. The straight loose dresses are very nobby and are the leading style for early winter. In addition to these are many other handsome styles, showing the shirred pockets on the skirt, dainty head and fancy braid trimmings, novel collar and yoke effects.

Don't Forget the Special Display of Skirts is for Saturday only.

W. H. Mazy Company

BLAZING A TRAIL

Have you ever heard of an Indian getting lost in the woods, during America's pioneer days?

The Indians knew every foot of ground in their forests, because of their practice of blazing the trail. All the way along a new path they cut pieces out of the bark of the trees. This made the new path a known road for future travel.

In the untraveled path of your finances, you can apply the same principle. Every time you pay a bill with your personal check, you have blazed your trail a step farther, for the stub of that check keeps a record of that payment. Looking through your check book will show you exactly where you stand. You are no longer following an unknown path. Why not begin NOW to pay by check and blaze your trail to greater efficiency?

SABBATH

IS SEVENTH DAY OF THE WEEK ACCORDING TO THE BIBLE SAYS EVANGELIST.

Big Audience at Tent Meeting Hears Mr. Miller Discuss Reasons for Observance.

"The reason why Seven-day Adventists everywhere in the world keep Saturday instead of Sunday for the Sabbath is because they find ample justification in so doing in the plain utterances of prophets, apostles and Jesus Christ himself for keeping the seventh instead of the first day of the week. Furthermore they feel that in so doing they are vindicating, as far as they can, God's right to require obedience to His law, the ten commandments," said Evangelist W. W. Miller last night before an interested and attentive audience at the big tent.

He went on to say, "the Sabbath was set apart as a memorial of creation after God had worked six days in creating all things in this world. The creation was not complete, however, till He had made the Sabbath. This institution He made by resting from His work. It was the Creator's intention that the institution should be a means of perpetuating to all future generations the memory of the creation of all things by the Word of God. Had it been kept by all men that time forward, there never would, in the very nature of things, have been an idolater in the world. About 2500 years later when the people of God, in ignorance and sin, had well nigh forgotten the principles of His government, through being in slavery in idolatrous Egypt, the Lord raised them up a deliverer in the person of Moses whom He commissioned to go to Egypt and lead the people out to freedom. In the charge he gave to Moses the Lord told him in particular to tell the people about God's memorial. This Moses and Aaron did by telling the people to keep the Sabbath, which accounts for the statement of Pharaoh to them, 'Wherefore do ye. Moses and Aaron, let (hinder) the people from their work? Behold the people of the land now are many, and ye make them rest from their burdens.' The word 'rest' in the fifth verse is in the Hebrew original text literally 'Sabbatize.' In order to compel the people to break the Sabbath Pharaoh commanded that the straw with which the enslaved children of Israel made brick for their masters be withheld from them and they be compelled to furnish their own straw; yet the usual amount of brick be required of them. This caused great hardship. Therefore the Lord mightily delivered the people and brought them forth from the land of their captivity. It is interesting, not to say important, to note that just as soon as they had got well on their way toward Sinai, the Lord tested them on their fidelity to His law. This He did by the miracle of sending them manna on six days but withholding it on the Sabbath. The people were enjoined not to go out to gather on the Sabbath. And when some of them did this, He said to them, 'How long refuse ye to keep my commandments and My laws?' Note that the one commandment on which He tested them was the Sabbath or fourth commandment. This was two months before the law was spoken on Sinai and hence proves that God's law was known as a law before it was spoken and written on Sinai.

"Some people call the seventh day the 'old Jewish Sabbath.' This is a mistake, denoting scriptural ignorance. The institution should not be thus lightly spoken of. The fact is that the Sabbath was made 2500 years before there ever lived a Jew. In Isaiah 58:13 the Lord says we are to 'call the Sabbath a delight, the holy of the Lord, honorable.' God was the first Sabbath keeper.

"Some contend that Christians are not to keep 'the old Jewish Sabbath,' but 'the Lord's day.' The expression 'the Lord's day,' appears only once in the Bible. It is found in Revelation 1:10. But it does not in any sense say there what day of the week is the Lord's day. Therefore other

"See How Well My Boy Is Since Taking Father John's Medicine."

"My boy was very ill for nine months with throat trouble and lost weight every day. We had four different doctors who tried to find some means of saving his life but they had to give the case up. I decided to give Father John's Medicine and was soon convinced that it was helping him very much. Now look at his photo and see how healthy he is." (Signed) Mrs. E. J. Jacques, 58 Whitman St., Taunton, Mass.

For a tissue builder to make new flesh and strength for young and old nothing equals Father John's Medicine which is pure and wholesome nourishment free from alcohol or dangerous drugs.

scriptures must be consulted to learn what day of the week the Lord claims as his day. In Exodus 20:8-11 it says, 'the seventh day is the Sabbath of the Lord thy God.' In Isaiah 58:13 he calls the Sabbath 'My holy day.' And finally in Mark 2:28 in the new testament, Jesus Christ himself says, 'The Son of Man is Lord also of the Sabbath day.' Therefore since the Sabbath, the seventh day of the week, is the only day of the week that God claims as his day, it must follow logically and scripturally that the Sabbath is 'the Lord's day.'

"The apostle Peter says, that Christ suffered for us, leaving us an example that ye should follow in his steps. Now since Christ is the model for Christians to copy in all things, his example as to observing a day is the only safe one to follow, both as to the institution and also the particular day.

"The apostles and all early Christians observed the seventh day for the Sabbath, according to the new testament record as late as A. D. 96, when the new testament canon closed. For proof one only needs to consult Acts 16:12; 17:2; 18:4-11; Rev. 1:10.

The subject announced for tonight is "Under the Law and Under Grace."

RHEUMATISM

Physician Believe a Genuine Remedy for the Disease Has Been Found.

Rheuma, the wonderful rheumatism remedy sold by J. J. Evans and all druggists, gives quicker and more lasting relief than other remedies costing many times as much.

Rheuma passes the deadly poisonous secretions into the bowels and kidneys, from which they are quickly thrown off in a natural, healthy way.

Read what a reputable physician says about Rheuma: "I have made a most careful investigation of the formula employed in the manufacture of Rheuma, and I heartily recommend it as a remedy for all forms of rheumatism. I find Rheuma far in advance of the methods generally employed in the treatment of rheumatism, and altogether different in composition from the remedies usually prescribed." — Dr. Lyons.

This should give any sufferer from rheumatism confidence to try Rheuma.—Advertisement.

HELP FOR WORKING WOMEN

Some Have to Keep on Until They Almost Drop. How Mrs. Conley Got Help.

Here is a letter from a woman who had to work, but was too weak and suffered too much to continue. How she regained health:—

Frankfort, Ky.—"I suffered so much with female weakness that I could not do my own work, had to hire it done. I heard so much about Lydia E. Pinkham's Vegetable Compound that I tried it. I took three bottles and I found it to be all my claim. Now I feel as well as ever I did and am able to do all my own work again. I recommend it to any woman suffering from female weakness. You may publish my letter if you wish."—Mrs. JAMES CONLEY, 215 St. Clair St., Frankfort, Ky.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from the roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice—it will be confidential.

Fall Coats, Suits and Skirts

A Feature of The Garment Section

New Styles----Pleasingly Priced

AUTUMN THE GOLDEN has emptied her Horn of Plenty into this store. Styles and super-styles, choicest fascinations of Fashion's fancies abound here. That agreeable task of choosing your Fall Suit, Coat, or Skirt will be never so delightful, never so fraught with endless opportunities of selection.

Limited means need not condemn the judicious woman to shabby or even commonplace garb. Many a woman with very little money to spend keeps herself irreproachably and distinctively dressed by bringing her wardrobe problems to this store throughout the year. Many another woman, with twice as much spending money, lacks style and correctness because she shops from store to store—unscientifically. Visit and inspect our great array of late model garments: to examine the price tickets will be a lesson in dress economy.
